

2001 Annual Report

ILLINOIS CRIMINAL JUSTICE INFORMATION AUTHORITY

George H. Ryan, Governor

To the Governor and the Honorable Members of the General Assembly:

On behalf of the members and staff of the Illinois Criminal Justice Information Authority, we are pleased to present the Authority's fiscal year 2001 annual report. This report outlines the diverse nature of the agency's work in criminal justice research, information systems, and grants administration in Illinois.

This fiscal year, the Authority completed a comprehensive, statewide criminal justice plan that will guide the administration of state and federal grant funds, and provide input to other agencies on criminal justice issues for their planning processes. To coordinate the major projects and activities proposed in the plan, Authority staff also worked on a strategic plan for the agency.

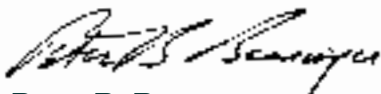

The Authority continued to promote increased integration of justice information systems in Illinois. The Authority applied for a \$1 million grant from the National Governors Association for integrated justice information systems. This funding will be used for a statewide needs analysis, establishing a governing board to guide systems integration, and to initiate a prototype project to bridge the boundaries between justice information systems to improve information sharing. The Authority is collaborating with several government agencies to create a strategic plan for integrated justice information across the state.

The Authority continued to award grants to local and state units of government and community-based, non-profit agencies. Staff monitored 432 grants during the fiscal year. Federal dollars were allocated toward strategies that combat drug and violent crime, that increase victim services, and that provide much-needed equipment to small law enforcement agencies serving Illinois' rural communities.

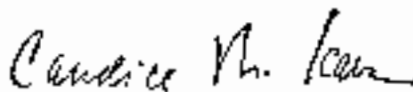

Authority researchers developed a needs assessment and planning guidebook and evaluation manual that was distributed statewide to juvenile justice councils. The Authority also continued a study of disproportionate minority representation among juveniles in the Cook County juvenile justice system. In addition, staff collaborated with the Administrative Office of the Illinois Courts in analyzing data to document the characteristics, access to treatment services, and recidivism patterns of probationers following discharge, and to develop predictive models of probation outcomes. The information gathered in these and other projects will be published and distributed to you in brief summaries designed specifically for Illinois policymakers.

The Authority increased its accessibility to outside agencies and the public by further incorporating the Internet into its everyday work. This was accomplished by expanding the range of publications available on the agency's website (www.icjia.state.il.us), offering the CJ Dispatch, a periodic, e-mailed notification of the site's new information, and continuing online operation of the Authority's Criminal Justice Information Clearinghouse. More than 8,000 publications were requested through the website during the fiscal year.

The Authority's mission of improving the administration of criminal justice in Illinois requires collaborative efforts among public and private sectors, as well as a dedicated staff. We look forward to continuing our partnership with the criminal justice community, the legislature, and the general public in fulfilling our mission.

Mission

Created in 1983, the Illinois Criminal Justice Information Authority is a state agency dedicated to improving the administration of criminal justice.

The Authority works to identify critical issues facing the criminal justice system in Illinois, and to propose and evaluate policies, programs, and legislation that address those issues. We also work to ensure the criminal justice system in Illinois is as efficient and effective as possible.

The Authority accomplishes its goals through efforts in four areas: 1) information systems and technology; 2) research and analysis; 3) policy and planning; and 4) grants administration.

Information systems and technology

The Authority:

- Develops, operates, and maintains computerized information systems for police agencies.
- Serves as the sole administrative appeal body for determining citizen challenges to the accuracy of their criminal history records.
- Monitors the operation of existing criminal justice information systems to protect the constitutional rights and privacy of citizens.

Research and analysis

The Authority:

- Publishes research studies that analyze a variety of crime trends and criminal justice issues.
- Acts as a clearinghouse for information and research on crime and the criminal justice system.
- Audits the state central repositories of criminal history record information for data accuracy and completeness.

- Develops and tests statistical methodologies and provides statistical advice and interpretation to support criminal justice decision-making.

Policy and planning

The Authority:

- Develops and implements comprehensive strategies for drug and violent crime law enforcement, crime control, and assistance to crime victims using federal funds awarded to Illinois.
- Advises the governor and the General Assembly on criminal justice policies and legislation.
- Coordinates policymaking groups to learn about ongoing concerns of criminal justice officials.
- Develops and evaluates state and local programs for improving law enforcement and the administration of criminal justice.

Grants administration

The Authority:

- Implements and funds victim assistance and violent crime and drug law enforcement programs under the federal Anti-Drug Abuse Act, Victims of Crime Act, Violence Against Women Act, and other grant programs as they become available.
- Monitors program activity and provides technical assistance to grantees.
- Provides staff support to the Illinois Motor Vehicle Theft Prevention Council, an 11-member board working to curb motor vehicle theft.

The Authority's specific powers and duties are listed in detail in the Illinois Criminal Justice Information Act [20 ILCS 3930].

Authority Values Statement

The Illinois Criminal Justice Information Authority is dedicated to improving the administration of criminal justice in the state. The Authority works to identify critical issues facing the criminal justice system and propose policies, programs, and legislation that address those issues. The Authority also strives to ensure the criminal justice system is as efficient and effective as possible. Authority staff are guided by the following values as they work to fulfill this mission.

Integrity

We believe in personal and professional integrity. We take pride in the Authority's mission and in maintaining and building on the agency's reputation for producing high quality work that is accurate, honest, fair, timely, and ethical. To that end, we will conduct our activities and ourselves in a manner that earns the public's trust and inspires confidence in our work. We will seek to encourage public feedback on our activities and public participation in planning activities and meetings.

Leadership

We are committed to supporting and developing staff leadership at all levels. Authority managers should lead by supporting innovation and by providing purpose, direction, example, and motivation while working toward the Authority's mission and improving the Authority. Our staff is encouraged to exercise leadership in motivating subordinates, coworkers, and/or supervisors to accomplish the Authority's mission and to adhere to the values established by the Authority. When appropriate, the Authority, as an organization, should assume a leadership role in the criminal justice system.

Diversity

We believe in an environment that supports and encourages a diverse workplace. We are committed to: creating a comfortable and effective work environment; building rapport between people who are culturally, racially and by gender different; utilizing the diverse ideas and experiences of all people in the workplace; supporting the right of every individual to be treated with fairness, consideration and respect; and enhancing our organizational culture by continuously improving human resource practices so that all staff feel welcome, their differences are valued, and they are supported in their work.

Professional development

We believe the most important asset of the Authority is its staff, and believe in giving each employee a chance to realize his or her fullest potential. We are committed to

enhancing and expanding the skills, knowledge, and expertise of our staff. Therefore, we will work to meet training needs and promote individual as well as collective career enhancement.

Public service

We recognize that as a government agency, we serve the public. We understand that our purpose is to serve the best interests of the public. To maximize the use of public funds in support of our mission, we will strive to operate in a cost-effective and efficient manner, and support programs that operate in such a manner. We acknowledge our responsibility to disseminate information to maintain our accountability to the public.

Respect

We are committed to cooperation and teamwork and will keep the value of those with whom we associate, inside and outside of the Authority, at the forefront as we pursue the Authority's mission. We will strive to treat others with consideration, common courtesy, and dignity.

Teamwork and collaboration

We value teamwork and collaboration. We seek an atmosphere where individual talents and organizational expertise are combined to achieve successful outcomes. Internally, we will foster shared participation, responsibility, and recognition among staff at all levels and across functional units. Externally, we will facilitate constructive relationships among policymakers, criminal justice agencies, and stakeholders throughout the criminal justice system.

Excellence

We believe all our work must be of high quality. That is, it should be useful, informative, timely, complete, accurate, cost effective, objective, free from bias, accessible, and reflective of the best professional practice. We also believe that the work of any one staff person reflects upon the work of the entire Authority. We expect all staff members to generate high-quality work products.

Composition and membership

In FY01, the Illinois Criminal Justice Information Authority was governed by an 18-member board of state and local leaders in the criminal justice community, and experts from the private sector. The Authority is supported by a full-time professional staff working out of the agency's office in Chicago.

The Authority is led by a chairman, who is appointed by the governor from among the board's members. The Authority is required by law to meet at least four times a year.

Authority members set agency priorities, track the progress of ongoing programs, and monitor the agency's budget.

By law, in FY01 the Authority included:

- Two police chiefs (Chicago and another municipality).
- Two sheriffs (Cook and another county).
- Two state's attorneys (Cook and another county).
- Two circuit court clerks (Cook and another county).
- Illinois attorney general (or designee).
- Director, Illinois State Police.
- Director, Illinois Department of Corrections.
- Director, Office of the State's Attorney's Appellate Prosecutor.
- Executive director, Illinois Law Enforcement Training and Standards Board.
- Five members of the public.

Note: The director of the Office of the State Appellate Defender and a sixth member of the public were added to the Authority July 1, 2001.

The following individuals served on the Authority during state fiscal year 2001 (July 1, 2000, through June 30, 2001).

Albert A. Apa

Albert A. Apa served as a Chicago police officer from 1947 to 1979, retiring as a sergeant. From 1979 until 1992, Mr. Apa served as director of the Illinois Police Training Board in Springfield. He was appointed to the presidential advisory Task Force on Victims of Crime in 1986. Mr. Apa is retired.

Peter B. Bensinger, chairman

First appointed chairman of the Authority by Gov. Jim Edgar in June 1991, Peter B. Bensinger was head of the U.S. Drug Enforcement Administration for six years under the Ford, Carter, and Reagan administrations. Mr. Bensinger was the first director of the Illinois Department of Corrections, and first chief of the Crime Victims Division of the Illinois Attorney General's Office. He also has served as chairman of the Illinois Youth Commission and executive director of the Chicago Crime Commission. Mr. Bensinger is president of Bensinger, DuPont & Associates, a Chicago-based firm that assists industries with drug- and alcohol-abuse policies.

Dorothy Brown

Dorothy Brown was elected Cook County Circuit Court clerk in November 2000, becoming the first African-American woman to hold the post. She is an attorney and certified public accountant. Prior to winning election to the clerk's position, Ms. Brown was general auditor for the Chicago Transit Authority. Ms. Brown is treasurer of the Illinois Association of Attorneys/Certified Public Accountants, founder and executive director of the Star Scholarship Fund, and immediate past president of the National Women's Political Caucus of Greater Chicago.

Jane Rae Buckwalter,
vice chairwoman

Jane Rae Buckwalter is a former deputy associate chancellor at the University of Illinois at Chicago and a former deputy executive director of the university's Office of International Criminal Justice Programs. Ms. Buckwalter was an official with UIC from 1978 until her retirement in 1998. Prior to that, she managed criminal justice grants, planning, and training for the Illinois Law Enforcement Commission.

Timothy F. Bukowski

An 11-year veteran of the Kankakee County Sheriff's Department, Timothy F. Bukowski was appointed sheriff in 1996 and elected to his first four-year term in 1998. Mr. Bukowski was instrumental in researching and implementing video arraignment, which was first utilized in Kankakee County in 1994. He is an Illinois Police Training Institute Advisory Board member and serves on the Attorney General's Missing and Murdered Children Committee.

Richard A. Devine

Richard A. Devine was elected Cook County state's attorney in November 1996. An attorney with more than 30 years of experience in both public and private practice, Mr. Devine served as first assistant state's attorney from 1980 to 1983. Today he serves on boards of the National District Attorneys Association, the Illinois State's Attorneys Association (president), and the Northwestern University School of Law.

Barbara Engel

Barbara Engel has worked on behalf of crime victims in Illinois for more than 25 years. Ms. Engel is currently board vice-chairwoman of the Illinois Center for Violence Prevention and an oversight committee member for Prevent Violence! Chicago, Chicago Department of Public Health. She is a past member of the Mayor's Council on Women, former director of Women's Services for the YWCA of Metropolitan Chicago and cofounder of the Chicago Metropolitan Battered Women's Network. Ms. Engel is an alumni council member of the

Chicago Foundation for Women and the National Women's Funding Network.

Norbert Goetten

Norbert Goetten became director of the Office of the State's Attorney's Appellate Prosecutor in December 1991, following a 19-year tenure as Greene County state's attorney. Prior to that, Mr. Goetten spent five years in private practice specializing in criminal law. He is past president and treasurer of the Illinois State's Attorneys Association.

Terry G. Hillard

Terry G. Hillard, a 33-year veteran of the Chicago Police Department, was appointed superintendent of the department in 1998. Prior to his appointment, Mr. Hillard was chief of the Detective Division, a position he had held since June 1995. From 1993 to 1995, he was deputy chief of patrol, and before that he served as a Patrol Division commander in Chicago's Gresham district.

Maureen A. Josh

Maureen A. Josh was first elected DeKalb County Circuit Clerk in 1984, and she has held the post ever since. Before becoming clerk she worked in the DeKalb County State's Attorney's Office and Creston School District. She is president of the Northeast Illinois Circuit Clerk's Association. Other memberships include the Illinois Association of Circuit Court Clerks and the Illinois Association of County Officials.

Thomas J. Jurkanin

With more than 25 years of experience in the policing field, Thomas J. Jurkanin, Ph.D., has served as executive director of the Illinois Law Enforcement Training and Standards Board since 1992. He is vice chairman of Gov. George H. Ryan's Law Enforcement Medal of Honor Committee, and secretary of the Law Enforcement Foundation of Illinois. He also serves on the Education and Training Committee of the International Association of Chiefs of Police.

John J. Millner

A 30-year veteran of the Elmhurst Police Department, John J. Millner has been police chief since 1986. Mr. Millner is president of North East Multi-Regional Training, Inc., chairman of Attorney General Jim Ryan's Violence to Children Task Force, and co-chairman of Fight Crimes: Invest in Kids (Illinois chapter). He is past president of the Illinois Association of Chiefs of Police.

Sam Nolen

Sam Nolen was appointed director of the Illinois State Police in January 1999. A 41-year veteran of the Illinois State Police, Mr. Nolen has held various positions in the department, including deputy director of the Division of Training and deputy director of the Division of Forensic Services and Identification. Mr. Nolen began his state police career as a trooper.

John C. Piland

John C. Piland has been Champaign County state's attorney since 1995. Mr. Piland practiced civil litigation from August 1987 to 1995. He was a member of the Illinois Truth-in-Sentencing Commission and the White House Conference on Small Business. He has served on the executive committee of the Illinois State's Attorneys Association since 1995.

Jim Ryan

Jim Ryan was first elected Illinois attorney general in 1994. Prior to his election, Mr. Ryan was DuPage County state's attorney, a post to which he was first elected in 1984. He served that office as a prosecutor from 1971 to 1974. In 1974, he was named first assistant state's attorney, a position he held until 1976. From 1976 until 1984, Mr. Ryan was engaged in private practice. Mr. Ryan is past president of the Illinois State's Attorneys Association.

Michael Sheahan

Michael Sheahan was elected Cook County sheriff in November 1990. He began his career in law enforcement in 1971 as a patrol officer with the Chicago Police Department. In 1979, Mr. Sheahan was elected alderman of Chicago's 19th Ward, a position he held for 11 years. While alderman, he was chairman of the Committee on Police, Fire, and Municipal Institutions.

Donald N. Snyder Jr.

Donald N. Snyder Jr. was appointed director of the Illinois Department of Corrections in January 1999. Mr. Snyder joined the department in 1987 as a corrections detention specialist and inspected county and municipal jails and juvenile detention facilities. He is a former Pike County sheriff, and a graduate of numerous FBI and Illinois State Police training programs.

Michael Waller

A 21-year veteran of the Lake County State's Attorney's Office, Michael Waller has served as state's attorney since August 1990. Mr. Waller was formerly the chief deputy of the Criminal Division, chief of Special Prosecutions, and chief of the Misdemeanor, Traffic, and Juvenile divisions. He is a member and past president of the Illinois State's Attorneys Association.

Committees

The Authority has both ad hoc and standing committees. The Authority chairman appoints committee chairs and vice chairs. Non-Authority members may be appointed to *ad hoc* committees as long as the committees include at least one Authority member. Standing committees help direct and review much of the agency's work. With the exception of the Appeals Committee, standing committees consist of at least seven members of the Authority.

Budget Committee

The Budget Committee reviews the Authority's budget and oversees the Criminal Justice Trust Fund. It receives fiscal reports about the funds made available to further the purposes of the Illinois Criminal Justice Information Act and oversees the grant award procedures of the Authority. In addition, committee members may present testimony and advocate for the Authority's budget request before the governor and General Assembly.

Information Systems Committee

This committee reviews and monitors the development and operation of comprehensive information systems in Illinois. Formerly named Operations and Audits, the Information Systems Committee also oversees the annual and periodic audits of the state central repositories, as provided in the Illinois Criminal Justice Information Act, and evaluates programs and makes recommendations regarding the proper reporting of automated dispositions to the Illinois State Police by state's attorneys and clerks of the circuit courts.

Planning and Research Committee

The Planning and Research Committee reviews the research projects, proposals, and programs of the Authority's Research & Analysis Unit, and evaluates and correlates state and local programs, as provided in the Illinois Criminal Justice Information Act. Formerly

named Research and Policy, the Planning and Research Committee also helps determine research and evaluation priorities in meeting the needs of decision-makers. The Planning and Research Committee oversees the Institutional Review Board to ensure the protection of human research subjects and compliance with applicable laws and regulations. The board reviews all research involving human subjects that is conducted, sponsored, or supported by the Authority.

Appeals Committee

The Appeals Committee decides administrative appeals by citizens who have challenged the accuracy and completeness of their state criminal history records.

Legislation and Regulations Committee

This committee reviews criminal justice-related legislation and regulations proposed by Authority staff and other agencies. It also provides testimony and makes recommendations to the governor and General Assembly, as provided in the Illinois Criminal Justice Information Act. The committee studies and recommends regulations to ensure the privacy and security of criminal history record information as required by law.

Staff organization

While Authority members set priorities for the agency and monitor their progress, the day-to-day work is carried out by Authority staff, who come from a variety of backgrounds and disciplines.

At the end of fiscal year 2001, the Authority had an approved staffing level of 114 employees. To maintain diversity, the agency aggressively pursues equal employment opportunities. As of June 30, 2001, the Authority's workforce was 57 percent female, 43 percent male, 68 percent white, 21 percent African-American, 8 percent Asian, and 3 percent Hispanic.

Office of the Executive Director

The agency's executive director, who is appointed by the governor with the advice and consent of the Illinois Senate, is responsible for the direction and administration of Authority staff. The executive director determines staff priorities and administers resources and programs needed to meet agency goals. The executive director also serves as liaison to the governor, General Assembly, Authority members, and state and national criminal justice officials and organizations.

Office of General Counsel

The general counsel provides legal services to the Authority, particularly in areas such as access to criminal justice information, privacy and security concerns, the Illinois Freedom of Information Act, and interagency funding agreements. The office directs the Authority's legislative program, and the general counsel serves as secretary to the Authority and the Motor Vehicle Theft Prevention Council. The general counsel also acts as chief of staff and, in the absence of the executive director, provides leadership, direction, and policymaking decisions for the Authority and its staff. The counsel also oversees the Office of Public Information.

Office of Administrative Services

The Office of Administrative Services is responsible for office security and the day-to-day general operations of the agency. This includes procurement of office equipment and supplies, telecommunications, inventory management, printing, and arrangements for meetings and travel.

Office of Fiscal Management

The Office of Fiscal Management formulates the Authority's annual budget, administers its financial transactions, and prepares mandated financial reports for the Office of the Comptroller, the U.S. Department of Justice, and other funding agencies. The office also oversees compliance with the Business Enterprise Program and the Fiscal Control and Internal Auditing Act.

Office of Human Resources

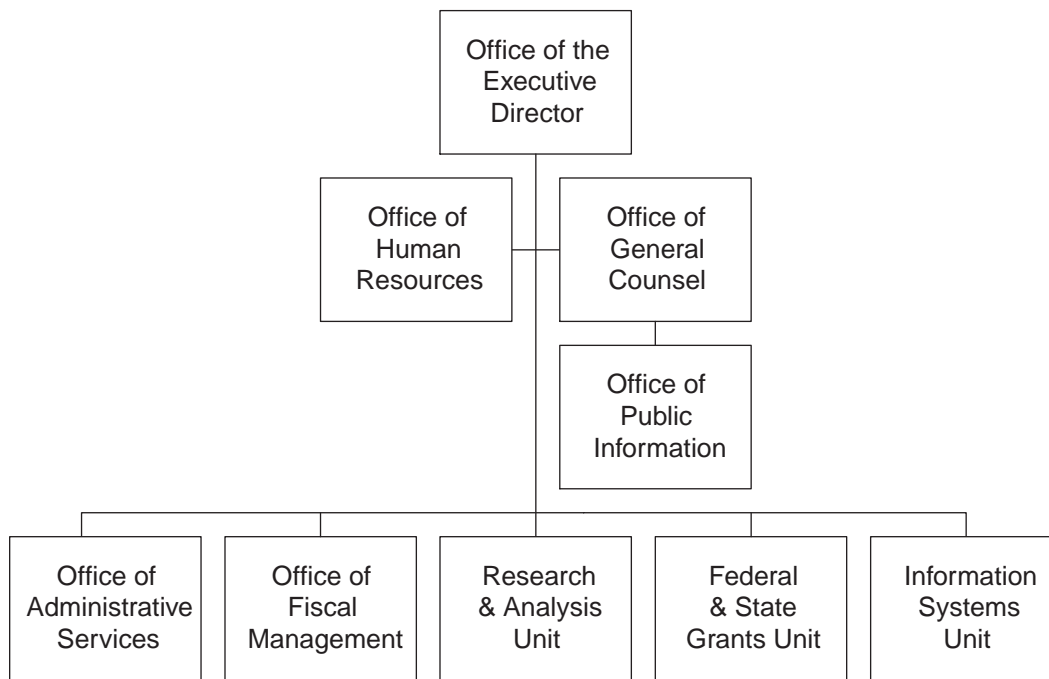

The Office of Human Resources develops and oversees compliance with mandated programs, and implements personnel policies. It also administers employee benefit programs, compliance with the Americans with Disabilities Act, and the agency's annual Affirmative Action Plan.

Office of Public Information

The Office of Public Information manages media relations and external communications for the Authority. It oversees the editing, design, and production of research reports, brochures, a quarterly newsletter, the annual report, and other documents published by the Authority.

Information Systems Unit

The Information Systems Unit develops and manages the Authority's computerized information systems, including the Area-wide Law Enforcement Radio Terminal System (ALERTS), Police Information Management System (PIMS), Automated Law Enforcement Communications System (ALECS), and the

InfoNet. It also oversees the Authority's integrated justice information system initiatives. The unit is responsible for software development, marketing, systems operations, and technical support. The unit also provides technical support for in-house systems and computer users.

Federal & State Grants Unit

The Federal & State Grants Unit oversees federal and state assistance programs administered by the Authority, including eight federal initiatives, such as the Victims of Crime Act, the Anti-Drug Abuse Act of 1988, and the Violence Against Women Act, and the state Motor Vehicle Theft Prevention Act. The unit is responsible for developing program strategies, recommending programs to be funded, and monitoring awards.

Research & Analysis Unit

The Research & Analysis Unit conducts research that supports criminal justice policy and program development. The unit serves as an information clearinghouse for criminal justice statistics and research. In addition, it collects, analyzes, and disseminates information on the extent and nature of drug and violent crime in Illinois, and performs evaluations of crime control programs. It also develops statistical methodologies and provides statistical advice and interpretation to support criminal justice decision-making and information needs.

Criminal justice planning initiatives

In 1999, the Authority charged its staff with developing a comprehensive plan to guide the work of the agency in the areas of research, legislation, and grants administration. The project resulted in the development of the *Criminal Justice Plan for the State of Illinois*. Adopted in June 2001, the plan provides a contextual backdrop for how resources should be used in the areas of policy, research and evaluation, legislative initiatives, and program funding.

The planning process was guided by research, data collection, professional input, and consultation, highlighted by a two-day Criminal Justice Planning Assembly held in June 2000. Nearly 150 policymakers, service providers, researchers, private citizens, and government participants attended. Following the Assembly, advisory committees were formed on drug and violent crime, juvenile crime, offender services, victims of crime, community capacity building, and information systems and technology. The advisory committees identified priority issues for the state that point to critical needs in five areas: information, collaboration, services, utilization of resources, and accountability.

Authority Action Plan

Staff then compiled the *Authority Action Plan*, which describes 25 priority initiatives addressing the issues identified during the planning process. The plan highlights programs already under way in the state, and examines the availability of local, state, and national resources for each initiative. The plan also details specific policy, research and evaluation, legislative, and funding strategies necessary to implement the priority initiatives.

Agency Strategic Plan

To coordinate the major projects and activities proposed in the *Authority Action Plan*, Authority staff set out in FY01 to develop a strategic plan for the agency. A Strategic Planning Committee was formed to oversee the creation of this plan. Representatives from each unit were appointed to serve on the committee.

The *Authority Action Plan* and the Authority Values Statement served as foundations for the strategic plan. To encourage agency-wide participation, each unit was responsible for producing a workplan detailing the steps necessary to implement the strategy while assuming ongoing agency commitments. During the development of these workplans, staff considered how projects would impact the Authority's internal units as well as external agencies. Staff also assessed their combined strengths and weaknesses and explored additional resources necessary to meet goals and objectives.

In FY02, the Strategic Planning Committee will be responsible for combining the individual workplans into a single document. The final agency strategic plan will reflect the coordination between units, ensuring that the timing and intended outcome of each *Authority Action Plan* project is consistent across all components of the Authority.

Federal and state grants

The Federal & State Grants Unit (FSGU) administers grant programs overseen by the Authority. Authorized under the Authority's power to receive and disburse grant money, this responsibility includes assuring compliance with federal and state regulations. In 2001, 23 staff members administered grants under eight federal and two state programs, with \$57.4 million in disbursements for the fiscal year.

FSGU staff perform a variety of functions in developing, implementing, and monitoring state and local programs while ensuring compliance with numerous federal and state laws and guidelines. These tasks include planning, program development, technical assistance, coordination, and administration.

Anti-Drug Abuse Act

The federal Anti-Drug Abuse Act (ADAA) of 1988, also known as the Edward Byrne Memorial State and Local Law Enforcement Assistance Program, supports government programs that enable the enforcement of Illinois drug laws and help decrease violent crime. Illinois received a federal award of \$19.6 million under ADAA in FY01. Of the 110 programs supported with these funds, 22 were statewide.

A minimum of 64.51 percent of the funds received must be passed through to local units of government and the remainder may be spent by state agencies. ADAA guidelines require that matching funds support at least 25 percent of each funded program's total cost. A federal fiscal year's program funds may be spent over a three-year term in accordance with a detailed strategy prepared every three years. With the exception of multi-jurisdictional drug and gang units and victim service initiatives, projects are funded for a maximum of 48 months. For a list of programs funded by ADAA in FY01, see page 18.

Violence Against Women Act

Congress passed the Violence Against Women Act (VAWA) in 1994, and again in 2000. Among the provisions of the act is a section authorizing grants to states for programs that would improve the response of the criminal justice system to female victims of sexual assault and domestic violence.

As the agency charged with administering VAWA awards in Illinois, the Authority relies on statistical data, public testimony, and surveys of criminal justice and victim service agencies to ensure the most effective distribution of funds. The Authority also based its S.T.O.P. (Service, Training, Officers, Prosecution) Violence Against Women in Illinois program on this information. The program's objectives include:

- Expansion of services to women who are victims of sexual assault or domestic violence.
- Improved training for law enforcement officers and the establishment of protocols for handling sexual assault and domestic violence reports.
- Improved training for prosecutors and the establishment of protocols for handling sexual assault and domestic violence cases.
- Promotion of multidisciplinary training programs for criminal justice agencies and health care systems.

The Authority received \$4.8 million in VAWA grant funding in FY01. The funding was disbursed during the fiscal year to support 46 programs. The act specifies that states must allocate a minimum of 25 percent of the funds they receive in each of three categories: law enforcement, prosecution, and victim services. The remaining funds may be spent in one or more of these areas or for other purposes. Funds have a two-year life span and must be spent in accordance with a plan submitted to the Violence Against Women Office, U.S. Department of Justice. See page 21 for a list of programs funded through VAWA in FY01.

Domestic violence protocol/sexual assault guidelines testing and training

In FY01, VAWA program funds were used to continue the implementation, testing, and evaluation of model protocols and guidelines for responding to victims of domestic violence or sexual assault.

Several counties throughout the state were selected to implement the model protocol for handling domestic violence cases by coordinating the responses of law enforcement officers, prosecutors, service providers, and the judiciary. In other regions, model guidelines have been implemented for responding to victims of sexual assault.

This collaborative effort links law enforcement officers, the state's attorney's office, and victim advocates. The goal is to heighten sensitivity while improving evidence collection, initial response, victim interviews, and victim referrals.

Each program has incorporated training sessions into its development to emphasize the spirit of interagency cooperation, while providing participants with the necessary skills to combat domestic violence and sexual assault.

Victims of Crime Act

The Victims of Crime Act (VOCA), funded with fines paid by offenders convicted of violating federal laws, supports direct services to victims of violent crime. The act requires that priority be given to services for victims of sexual assault, domestic violence, child abuse, and other groups identified by the state as underserved victims of violent crime. Funds may only be used to support direct services to victims of violent crime. Since 1995, states have been allowed to retain up to 5 percent of VOCA funds for administrative purposes.

In FY01 the Authority disbursed more than \$13.4 million in VOCA grant funding to 102 victim service providers. These funds supported victim advocacy programs throughout Illinois, including services provided by members of the Coalition Against Domestic Violence and Coalition Against Sexual Assault. Other grants supported services to survivors of homicide victims, victims of drunk driving crashes, and violent crime victims with special needs, such as

McGruff the Crime Dog crime prevention program

The Authority continued to promote crime prevention with materials featuring McGruff the Crime Dog in FY01. Materials are provided free of charge to law enforcement agencies and the public.

A 30-foot inflatable McGruff balloon also is available for use by law enforcement agencies at crime prevention-related events throughout the year.

those with disabilities and the elderly. See page 23 for a list of programs funded through VOCA in FY01.

Juvenile Accountability Incentive Block Grants Program

The Juvenile Accountability Incentive Block Grants (JAIBG) program was enacted in 1998 to promote greater accountability in the juvenile justice system. Program grants support local efforts to reduce juvenile delinquency and crime, and hold young people, their families, and the juvenile justice system accountable for improving the quality of life in every community. In FY01 the Authority disbursed \$5.7 million in JAIBG funds. These funds supported 85 juvenile justice programs throughout Illinois.

JAIBG focuses on the development and administration of accountability-based sanctions for juvenile offenders, making funding available to prosecutors to more effectively address drug, gang, and youth violence problems, and establishing information-sharing programs that would provide schools, criminal justice systems, and social service centers the tools needed to make informed decisions regarding the treatment and prevention of young criminals.

A minimum of 75 percent of the funds must be allocated to units of local government. Two-thirds of each unit of local government allocation is based on juvenile and adult law enforcement expenditure data, and one-third on the average annual number of Uniform Crime Report Part 1 violent crime arrests for the last three calendar years. A unit of local government

National Criminal History Improvement Program grants

The National Criminal History Improvement Program is designed to help states improve the accuracy, timeliness, and completeness of criminal history records. The Authority distributed NCHIP grant funds to the following programs between July 1, 2000, and June 30, 2001. Federal funds distributed during the fiscal year may differ from the total award received for each program.

Program	Agency	Federal funds distributed
State Identification System	Illinois State Police	\$163,156
Illinois Criminal History Improvement Program	Illinois State Police	\$300,000
Illinois National Sex Offender Registry Project	Illinois State Police	\$210,000

must qualify for a minimum of \$5,000 in order to be eligible to receive an award. JAIBG guidelines require matching funds of 10 percent.

Program areas include:

- Build or expand juvenile detention facilities.
- Provide technology, equipment, and training to assist prosecutors in identifying and expediting the prosecution of violent juveniles.
- Establish gun court and drug court programs.
- Implement a drug-testing policy for juveniles within certain categories of the criminal justice system.

JAIBG funds support Blueprints for Violence Prevention in Illinois. Blueprints programs have been thoroughly evaluated on a national level. Studies show the programs have a high probability of success in dealing with at-risk youth. With input from the state Juvenile Crime Enforcement Coalition, the Authority chose six of 10 possible Blueprints, and eight communities received funding for the programs. Funded Blueprints programs include functional family therapy and multisystemic therapy.

See page 26 for a list of programs funded through JAIBG in FY01.

Local Law Enforcement Block Grants Program

The U.S. Department of Justice, Bureau of Justice Assistance makes funds available to units of local government under the Local Law Enforcement Block Grants (LLEBG) program

for purposes of reducing crime and improving public safety.

Illinois received \$26.1 million in federal funds for this program in federal fiscal year 2000. The federal government directly awarded \$25 million of this amount to units of local government in Illinois according to a formula based on population and violent crime rates.

The governor designated the Authority as the state agency to administer the remaining \$1.1 million. Local government agencies that did not qualify for a direct federal award were eligible to apply for these funds, and priority was given to smaller jurisdictions. A request for proposals from police and sheriffs' departments was issued in FY01 to provide equipment funding to local law enforcement agencies. Almost 350 proposals were received requesting more than \$5.3 million. The Authority made awards to 66 jurisdictions for equipment grants. For a list of agencies that received LLEBG funding in FY01, see page 28.

National Criminal History Improvement Program

The National Criminal History Improvement Program (NCHIP) was established in 1995 to promote the accuracy, completeness, and timeliness of criminal history records. Funds are used at the state and local levels to improve the quality of criminal history records, or "rap sheets," which are vital to police, prosecutors, judges, and various government agencies. At the local level, funds are primarily used for the electronic capture and transfer of fingerprints and associated information about alleged offenders.

Violent Offender Incarceration and Truth-in-Sentencing grants

The Violent Offender Incarceration and Truth-in-Sentencing Grant Program provided funding to build or expand correctional and juvenile detention facilities. The Authority distributed VOI-TIS grant funds to the following programs between July 1, 2000, and June 30, 2001. Federal funds distributed during the fiscal year may differ from the total award received for each program.

Program	Agency	Federal funds distributed
Stateville Correctional Center - reception/classification	Illinois Department of Corrections	\$7,899,647
Lawrence County Correctional Center	Illinois Department of Corrections	\$1,630,448
Southwestern Correctional Center	Illinois Department of Corrections	\$125,000
Juvenile correctional center - Rushville	Illinois Department of Corrections	\$97,175
Juvenile detention center	Sangamon County	\$1,736,562
Juvenile detention center	Adams County	\$400,000
Juvenile detention center	Vermilion County	\$1,130,476

The Authority distributed \$673,156 in federal funds to the Illinois State Police for the state's criminal history improvement program in FY01.

Residential Substance Abuse Treatment Program

The Residential Substance Abuse Treatment Program provides funding for treatment programs in a correctional setting and is available to the Illinois Department of Corrections.

In FY01, \$809,700 was distributed to the Illinois Department of Corrections for its Residential Substance Abuse Treatment Program.

Enacted in 1994 with funds appropriated in federal fiscal year 1996, the program provides formula grants to correctional agencies to implement treatment programs for state prisoners housed in residential facilities. The act requires that treatment programs meet the following criteria to be eligible for funding:

- Length of treatment must be six to 12 months.
- Offenders must receive treatment services in a residential setting away from the general inmate population.
- The primary focus of the program must be on the substance abuse problems of the inmate, but the program also must develop inmates' social, cognitive, behavioral, and vocational skills.

In addition, treatment should be limited to offenders who are nearing the end of their incarceration so that they may be released upon completion of the substance abuse program.

Violent Offender Incarceration and Truth-in-Sentencing Grant Program

The Violent Offender Incarceration and Truth-in-Sentencing (VOI-TIS) Grant Program provided funding to states to build or expand correctional and juvenile detention facilities. States also were required to comply with specific conditions to qualify for Truth-In-Sentencing grants, including implementing laws requiring those convicted of the most violent offenses to serve 85 percent of the sentence imposed.

The Authority distributed \$13 million in VOI-TIS funds during FY01. These funds had a 10 percent cash match requirement and may be spent over a six-year term.

Up to 15 percent of VOI-TIS funds may be used for local juvenile detention facilities. About \$3.3 million in VOI-TIS funds were distributed in FY01 to fund the construction of additional bed space for violent juvenile offenders at the local level.

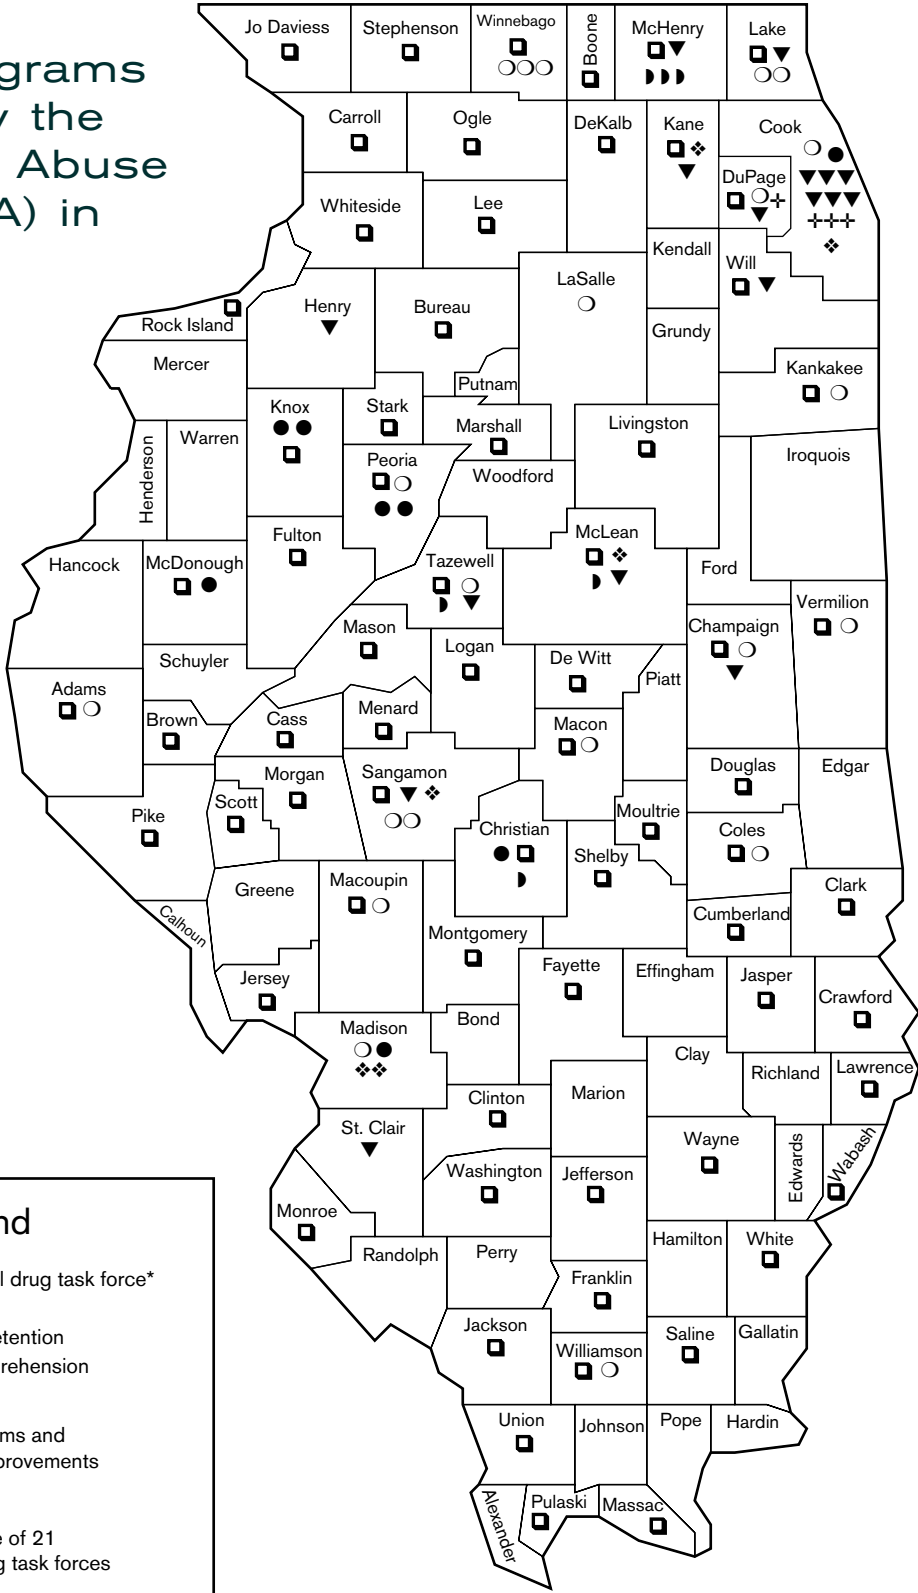

Anti-Drug Abuse Act grants

The Anti-Drug Abuse Act, also known as the Edward Byrne Memorial State and Local Law Enforcement Assistance Program, created a federal block grant program designed to help states and local units of government carry out strategies to control drug abuse and violent crime. The Authority distributed ADAA grant funds to the following programs between July 1, 2000, and June 30, 2001. Federal funds distributed during the fiscal year may differ from the total award received for each program.

Local Law Enforcement Block Grants

The Local Law Enforcement Block Grants Program is designed to help units of local government reduce crime and improve public safety. The Authority distributed LLEBG funds to the following programs between July 1, 2000, and June 30, 2001. Of the 69 programs funded through LLEBG in FY01, 62 were in communities with populations under 25,000. Federal funds distributed during the fiscal year may differ from the total award received for each program.

Agency	Federal funds distributed
Adams County Sheriff's Department	\$20,000
Alvin Police Department	\$19,206
Amboy Police Department	\$19,213
Andalusia Police Department	\$15,242
Anna Police Department	\$6,299
Aviston Police Department	\$19,439
Beecher Police Department	\$11,542
Bridgeport Police Department	\$5,926
Brighton Police Department	\$9,402
Broadview Police Department	\$14,258
Bureau Junction Police Department	\$16,648
Calhoun County Sheriff's Department	\$9,106
Cambria Police Department	\$19,743
Clayton Police Department	\$14,180
Cobden Police Department	\$20,000
Crawford County Sheriff's Department	\$17,024
Dixmoor Police Department	\$19,710
Dunfermline Police Department	\$19,946
East Dundee Police Department	\$15,660
Edwards County Sheriff's Department	\$8,289
Emden Police Department	\$16,153
Fairbury Police Department	\$16,270
Fairfield Police Department	\$13,645
Fulton County Sheriff's Department	\$17,311
Glen Ellyn Police Department	\$20,000
Greenfield Police Department	\$20,000
Henning Police Department	\$17,881

Youth referral program/state's attorney and juvenile probation	Glenview Police Department	\$11,192

Motor Vehicle Theft Prevention Council

The General Assembly established the Illinois Motor Vehicle Theft Prevention Council in 1991 to combat vehicle theft, insurance fraud, and related crimes. The 11-member council is made up of law enforcement and insurance industry officials. Day-to-day work of the Council is carried out by Authority staff.

The Council's responsibilities, as listed in the Illinois Motor Vehicle Theft Prevention Act, include: assessing the scope of motor vehicle theft, particularly in those areas of the state with the highest theft rates; allocating funds made available for the purpose of the act; and developing and implementing strategies to combat motor vehicle theft.

The act requires that insurance companies pay into a special trust fund in the state treasury. Insurance companies licensed to write private passenger comprehensive coverage are required to pay \$1 into the fund annually for each vehicle

Council highlights: 1991 to FY01

Investigations initiated	14,726
Audits of vehicle businesses	26,077
Arrests made.....	7,216
Convictions obtained.....	2,718
Vehicles recovered.....	20,598
Value of recoveries	\$141 million

insured in the previous year. Collected and administered by the Council, the fund totalled \$5.8 million in collections in 2001.

The Council allocates grants supporting programs such as special auto theft task forces

and investigative teams, prosecutions, statewide audits of salvage yards, juvenile diversion, statewide public education, officer training, and data analysis. The Council funded 16 programs in FY01.

Vehicle thefts down 31 percent

Since the creation of the Council, reports of motor vehicle theft in Illinois have declined by 31 percent through 2000. The 56,454 vehicles reported stolen in 2000 represented 570 fewer stolen than in the previous year.

For more information or a copy of the Motor Vehicle Theft Prevention Council Annual Report, call (312) 793-8550, or visit the MVTPC website: www.icjia.state.il.us/mv.

Motor Vehicle Theft Prevention Council grants

The Authority distributed MVTPC grant funds to the following programs between July 1, 2000, and June 30, 2001. Funds distributed during the fiscal year may differ from the total award received for each program.

Program	Agency	State funds distributed
Theft prevention program	Chicago Police Department	\$18,701
Motor Vehicle Theft Prosecution Unit	Cook County State's Attorney's Office	\$583,610
DuPage County Auto Theft Task Force	DuPage County Sheriff's Department	\$330,729
Insurance Vehicle Expense Fund	Illinois Anti-Car Theft Committee	\$42,446
Kane County Auto Theft Task Force	Elgin Police Department	\$283,266
Metro East Auto Theft Task Force	Collinsville Police Department	\$287,117
Metro East Auto Theft Task Force	Belleville Police Department	\$294,735
Motor Vehicle Theft Intelligence Clearinghouse	Illinois State Police	\$235,397
Motor Vehicle Theft Prevention Data and Analysis	Chicago Police Department	\$91,931
Motor vehicle theft prevention training	Illinois State Police	\$48,544
Northern Illinois Auto Theft Task Force	Winnebago Sheriff's Department	\$376,660
Special audit teams	Illinois Secretary of State Police Department	\$1,092,966
South Suburban Auto Theft Interdiction Network	Illinois State Police	\$607,201
State and local auto theft enforcement	Peoria Police Department	\$73,145
Tri-County Auto Theft Task Force	Joliet Police Department	\$692,128
Vehicle for Change	Westside Association for Community Action Foundation	\$73,563
Vehicle for Change	Cook County State's Attorney's Office	\$27,675

Research and analysis

The Authority is responsible for conducting criminal justice research in Illinois, and its Research & Analysis (R&A) Unit handles the majority of the program and policy research conducted. The unit's primary mission is to identify and explore current or emerging criminal and juvenile justice issues that affect the Illinois justice system. The research and analysis conducted is then made available to state, county, and local governmental criminal justice decision-makers to assist them in their policy discussions and planning. The R&A unit attempts to make timely and objective information available on key issues so that policy, program, and funding decisions are based on data and factual information rather than general perceptions. A number of efforts were under way or concluded in state fiscal year 2001.

Research and evaluations to support drug, violent crime, and victim programs

R&A continually collects, analyzes, and disseminates statistical information on the extent and nature of drug and violent crime, and the justice system's response. By working with various agencies responsible for initial data collection, staff have developed what is perhaps the most comprehensive repository of drug- and violent crime-related data in Illinois, as well as a unique and widely recognized expertise in data analysis and interpretation.

R&A encourages and supports community problem assessment and planning by making this data repository available online via CJ DataNet, an interactive database application located on the Authority's website. This application allows visitors to view, graph, and download community crime and arrest data.

The unit also is responsible for a multifaceted evaluation initiative aimed at assessing the implementation and impact of drug and violent crime control programs in Illinois. Evaluation projects supported with federal funds are carried out in-house and through subcontracts with private research firms and universities. In

FY01, a number of evaluations were either under way or concluded.

Full evaluation reports are published and available from R&A. These reports also are summarized into four-page briefs as part of the *On Good Authority* series. Each *On Good Authority* outlines evaluation findings and recommendations.

R&A provides a variety of program development support to the Authority's Federal & State Grants Unit. Some of these activities are supported with a grant from the Bureau of Justice Assistance, U.S. Department of Justice. R&A also provides FSGU with research and evaluation support for ADAA, RSAT, VOI-TIS, VOCA, VAWA, JAIBG, and Motor Vehicle Theft Prevention Council programs.

Drug unit profiles

During FY01, R&A staff updated comprehensive profiles on each of Illinois' 21 multi-jurisdictional enforcement groups and task forces, detailing trends in various police, court, correctional, and social service activities and outputs. The Authority published these profiles on its website (www.icjia.state.il.us), and disseminated them to justice policymakers and practitioners across Illinois.

Information clearinghouse

The Authority serves as a statewide clearinghouse for statistics and other information about the criminal justice system. In FY01, R&A staff responded to 1,519 requests from people seeking information — an average of 127 calls per month. Most requests for information came from other government agencies (34 percent) and the general public (23 percent). Other requests came from private agencies (20 percent), students (9 percent), researchers (8 percent), news media representatives (2 percent), prison inmates (1 percent), and legislators (less than 1 percent).

About 29 percent of the requests originated in Chicago. Nearly 41 percent originated in other

parts of the state. All other requests for information were received from outside Illinois.

R&A distributed 118,582 Authority publications in FY01. Staff received 330 e-mail requests for these publications during the fiscal year.

Staff also established two new capabilities for Authority website visitors. The CJ Dispatch automatically notifies registered users via e-mail twice monthly of the site's newest information. The e-mail also contains direct links to new content. By the end of FY01, 673 users had subscribed to the CJ Dispatch.

A feature that allows users to order publications online also was established. The feature lets site users request copies of Authority reports, newsletters, brochures, and other material. Visitors also can view and download most publications. Nearly 8,300 publications were ordered through the website during FY01.

Probation outcome studies

In collaboration with the Administrative Office of the Illinois Courts, Authority researchers began analyzing detailed probationer data on a sample of adults and juveniles discharged from probation during a four-week period in 2000. This data will be used to document characteristics, access to treatment services, and recidivism

patterns following discharge, and to develop predictive models of probation outcomes.

Study of disproportionate minority representation in the Cook County juvenile justice system

Pursuant to a grant from the Illinois Department of Human Services through the Illinois Juvenile Justice Commission, a study was initiated of disproportionate minority representation among juveniles in the Cook County juvenile justice system. To accomplish this, staff is collecting and analyzing data from various juvenile justice system contact points. Case-level data also is being collected on a sample of juveniles to measure the possible influence of specific factors on decisions made as the juveniles are processed through the system. This project will conclude with a final report in 2002.

Evaluation of the Juvenile Court Act

In FY01, the Research & Analysis Unit, with funding from the Illinois Juvenile Justice Commission, worked on a complex, multi-level implementation evaluation of changes to the state's Juvenile Court Act. The study involved an investigation of the processes by which indi-

Evaluation projects

The following evaluations were under way or concluded in FY01:

Program	Evaluator
Cook County Adult Sex Offender Probation Project	Loyola University Chicago
Kankakee Metropolitan Enforcement Group	Justice Research Associates
Multi-jurisdictional drug prosecution units	Jefferson Institute for Justice Studies
Little Village Violence Reduction Project	University of Chicago
Chicago Alternative Policing Strategy (CAPS)	Northwestern University
Cook County Victim-Witness Assistance Program	Illinois Criminal Justice Information Authority
Domestic violence probation projects in Lake, Winnebago, and Kankakee counties	Justice Research Associates
Specialized domestic violence probation projects in Peoria, Sangamon, and Tazewell counties	University of Illinois Springfield
Juvenile probation projects in Christian, Peoria, and, Winnebago counties	University of Illinois Springfield
Illinois probation outcomes	Illinois Criminal Justice Information Authority
Henry/Mercer County drug enforcement	Illinois Criminal Justice Information Authority
Disproportionate minority representation in Cook County	Illinois Criminal Justice Information Authority

Presentations

R&A also prepares presentations for various professional settings throughout the state and nation. In FY01, presentations were made to a number of organizations and during numerous conferences, including the following:

Justice Research and Statistics Association annual conference
U.S. Department of Justice, Office of Justice Programs annual conference on research and evaluation
The Governor's Summit on Gangs, Guns, and Drugs
Illinois Prevention 2000 Advisory Council
Illinois Juvenile Justice Commission
Illinois Association of Chiefs of Police
Juvenile Crime Enforcement Coalition
Juvenile Justice Forum
American Society of Criminology
University of Chicago's Harris School of Public Policy
Homicide Research Working Group
Illinois Motor Vehicle Theft Prevention Council and Grant Review Committee
Illinois Family Violence Coordinating Council Data Collection Committee
Girls Link Steering Committee
Chicago Department of Public Health
Haymarket Conference on Addiction
Chicago Hispanic Health Coalition
American Academy of Forensic Sciences
Conference on Envisioning Local Responses to Violence Against Women in Northern Ohio

viduals and agencies impacted by the act's legislative changes understand the major statutory provisions and the extent to which local implementation efforts are consistent across Illinois. The project utilized three case studies to investigate how restorative justice programming, formal and informal station adjustments, and extended jurisdiction juvenile proceedings in the Juvenile Court Act are implemented, and how these changes affect juveniles, juvenile justice professionals, and victims of juvenile crime. The evaluation will be completed in FY02.

Juvenile Justice Council Guidebook and Evaluation Manual

Through a grant awarded by the Justice Research and Statistics Association and the U.S. Department of Justice Office of Juvenile Justice and Delinquency Prevention, staff developed a needs assessment and planning guidebook and evaluation manual for local juvenile justice county councils. The guidebook assists county councils in developing an inventory of data indicators, including juvenile risk factors, to determine areas of need. It also includes information on how to evaluate the needs and resources of local juvenile justice systems and develop a local juvenile justice plan.

The publication was distributed throughout the state. Six regional workshops were conducted to provide technical assistance.

Intimate partner violence research

The Chicago Women's Health Risk Project is a collaboration of Chicago medical, public health, and criminal justice agencies, and domestic violence experts to identify factors that indicate a significant danger of life-threatening injury or death in situations of intimate partner violence.

Project research included detailed interviews with abused women sampled as they entered a hospital or clinic for treatment, and interviews with people who knew victims of intimate partner homicide.

By comparing data on abused women with similar data on people who have been killed by an intimate partner, the project helps agencies develop collaborative ways to identify and respond to potentially life-threatening intimate violence situations.

Homicide risk factors had increased in women who had experienced:

- Violence at the hands their partner in the past year.
- Past violence that included the use of a weapon or attempted strangulation.
- Increasing frequency of violent occurrences.

This research provides vital information to police officers, clinical staff, and other decision-makers in the field. A follow-up study looked at the effects of collective efficacy and community capacity on whether abused women continued to experience violence. Findings of this study will be presented in FY02.

The Chicago Women's Health Risk Project was supported with grants from the National Institute of Justice, the Authority, and other agencies.

Gun crime research

Pursuant to a grant from the U.S. Department of Justice, Bureau of Justice Statistics and in cooperation with the Illinois State Police's Bureau of Identification, staff launched a study of individuals arrested for gun-related crimes in Illinois. The gun crime report will focus on offender demographics and prior criminal history. The study will rely on criminal history records. The report is scheduled for completion in 2002.

Drug enforcement research

Pursuant to a grant from the U.S. Department of Justice, National Institute of Justice, R&A and Loyola University Chicago began conducting a two-year comparison study of arrests by multi-jurisdictional drug enforcement units and local police departments. The project involves analyses of program data submitted to the Authority's Federal & State Grants Unit, program observations, case files, surveys, and interviews. It is scheduled for completion in FY02.

Homicide research

The Authority's continuing research on lethal violence serves as a foundation for developing effective intervention strategies. The cornerstone of this effort is the Chicago Homicide Dataset, one of the largest and most detailed ever collected in the U.S. In collaboration with the Chicago Police Department, the data set contains information on every homicide reported in Chicago between 1965 and 1995. The data set

includes 23,817 homicides, with more than 200 variables for each case. The data, with individual identifiers removed, are archived in the National Archives of Criminal Justice Data, and are extensively used by policy planners and analysts from Illinois and other states. Staff recently launched an effort to update this information with data for the years 1996 through 2000.

In a joint project with the Illinois Department of Public Health, the Authority is collecting and archiving homicide data for all of Illinois. The new data will extend the Illinois Murder File, which begins in 1973, to the present, and will be used to support policy analysis.

Criminal history records research

The Authority established the Criminal History Records Audit Center in 1993 to improve the state's criminal history record information system and ensure compliance with federal mandates for criminal history records. Records are used by criminal justice agencies throughout Illinois to identify and prosecute repeat offenders. The quality of the records is examined through periodic audits of the computerized criminal history database maintained by the Illinois State Police.

In FY01, staff completed data collection and analysis of the timeliness of mailed records to the state police. Timeliness of submission receipt and posting is being examined to determine if these processes are accomplished within federal guidelines.

Also in collaboration with Illinois State Police, the Audit Center is analyzing data to determine the effects of increased court disposition reporting, and the accuracy of the arrest information posted to the central repository database.

Information systems

The Authority's Information Systems Unit (ISU) is charged with designing, developing, and operating advanced technology that can be used to help Illinois public safety agencies collect and share information. Affordable information systems have been created by ISU to strengthen communication between agencies and help these agencies coordinate their efforts to reduce crime. Without the Authority's support, many smaller agencies could not afford the information systems on which they now rely.

During FY01 ISU provided technical support to agencies throughout Illinois that use information systems developed by the Authority, including the Police Information Management System (PIMS), Area-wide Law Enforcement Radio Terminal System (ALERTS), and Automated Law Enforcement Communications System (ALECS). More than 300 Illinois police agencies participate in and are served by these systems.

Mobile data systems

ALERTS is an in-car computer terminal system for police. The system provides instant access to information in situations where each second counts. During traffic stops, officers can get information about a car and its owner in a matter of seconds on their ALERTS terminals. Getting the same information from a police dispatcher over a two-way radio can take several minutes. In addition to promoting officer safety, ALERTS has proven effective at helping police recover stolen vehicles and arrest individuals wanted for crimes in Illinois and throughout the country.

ALERTS is the Authority's largest information systems project. A cooperative effort of local law enforcement agencies and the Authority, ALERTS also is one of the largest wireless public safety networks in the U.S.

The Authority develops, operates, and maintains the central computer hardware and telecommunications equipment for ALERTS. Agencies obtain their own in-car terminals and pay the Authority a fee for system operation and

Integrated justice information systems update

In FY01 the Authority continued its efforts to promote increased integration of justice information systems in Illinois.

After gathering information at the Authority's Criminal Justice Planning Assembly in June 2000, staff began to investigate how Illinois agencies can increase the level of integration to improve the accuracy, timeliness, and completeness of justice-related information in Illinois.

The Authority allocated \$1 million from various federal funding sources for systems integration. In addition, the Authority applied for a \$1 million grant from the National Governors Association for statewide integrated justice information system initiatives. This funding will be used to perform a needs analysis, establish governance to guide systems integration, and initiate a prototype project that will bridge the boundaries between justice information systems and improve information sharing.

Note: In December 2001, Governor George H. Ryan signed Executive Order No. 12 (2001) requiring a strategic plan for integration in Illinois and the establishment of a governing board. Chaired by Authority Executive Director Candice M. Kane, the Illinois Integrated Justice Information System Governing Board will complete a needs assessment that will identify all Illinois criminal justice information systems; conduct a study to identify exchange points between agencies to determine where automation will enhance integration; and develop the strategic plan. The multifaceted plan will include recommendations for cost-effective solutions that integrate existing criminal justice information systems, as well as collaboration with state and local criminal justice agencies to meet operational requirements for justice-related integrated information processing while maintaining the independence of each agency.

maintenance. This arrangement allows individual agencies to keep their costs down while gaining access to a reliable, cost-effective system.

In FY01 the Authority began implementing a new messaging enhancement between ALERTS and the Illinois Wireless Information Network (I-WIN). This enhancement will allow I-WIN and ALERTS users to send messages between the two mobile data networks in a fashion similar to instant messaging capability offered by some Internet service providers. For a list of agencies using ALERTS, see page 38.

Police records management systems

The Authority's Police Information Management System (PIMS) continues to be the only records management system of its kind in Illinois — providing shared information to more than 50 law enforcement agencies. In FY01 the Authority continued its efforts to update PIMS. The Authority began developing a request for proposals from software developers to design a system that will provide the information handling capabilities of the current PIMS with the most up-to-date database and user interface

technologies. This effort has been conducted with the participation of PIMS agencies. In addition, the Authority developed a Web browser-based reporting tool for PIMS that will make management reports and user queries simpler and more effective. This enhancement is being tested and is expected to be implemented fully in the next fiscal year.

Communication support systems

The Automated Law Enforcement Communications System (ALECS) provides a gateway system to participating law enforcement agencies that allows a connection to the Law Enforcement Agencies Data System (LEADS) and the Authority's ALERTS network. In addition, ALECS provides 911 and unit status displays, and other software for police communication centers that do not have computer-aided dispatch systems.

Authority website

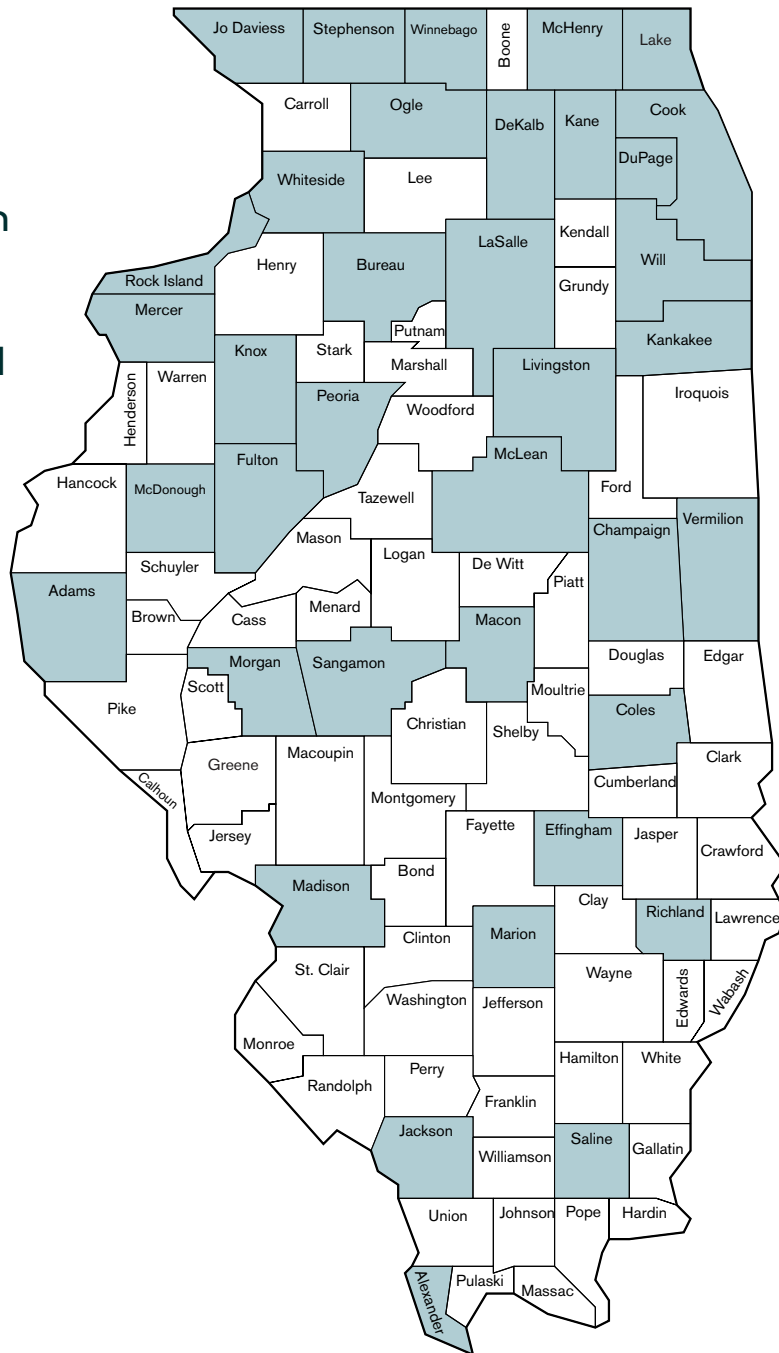

The Authority's award-winning website is a frequent destination of criminal justice professionals, educators, and members of the public. In addition to providing easy access to the latest criminal justice information, the site opens the door to the Authority's three major areas of operation: research, information systems, and federal and state grants.

An average of 500 users per day visited the Authority's website (www.icjia.state.il.us) in FY01. Authority publications, such as *Trends and Issues Update*, *On Good Authority*, and *The Compiler*, are available on the site in electronic and downloadable formats. Users also may request hard copies of Authority publications, and subscribe to the *CJ Dispatch*, a periodic, e-mailed newsletter detailing the newest additions to the site.

InfoNet data collection system

The Authority continued to maintain and enhance the InfoNet database in FY01. Designed in collaboration with the Illinois Coalition Against Sexual Assault and the Illinois Coalition Against Domestic Violence, the Web-based data collection system improves the quality of victim

Programs in shaded counties were served by InfoNet in FY01

service data in the state and facilitates data collection reporting and use.

InfoNet consists of a centralized database maintained by the Authority, as well as a private network that allows service providers to submit and request data from the system using a Web browser. Participating victim service providers are assigned a unique password to the system and are given exclusive access to their data.

In FY01, 49 domestic violence programs used the system, and 30 sexual assault programs

will begin using the system in FY02. Almost four years of data currently reside in the centralized database, including non-identifiable client and service information. Programs also report various interactions that victims and offenders have with the criminal justice system, such as arrest, charge, and order of protection information. In addition, programs document hotline contacts, training sessions, and institutional advocacy services.
