Illinois Criminal Justice Information Authority

Lori G. Levin, Executive Director

ILLINOIS CRIMINAL JUSTICE INFORMATION AUTHORITY 2006 ANNUAL REPORT

Working to improve the administration of criminal justice in Illinois since 1983

Illinois Criminal Justice Information Authority

To the Governor and the Honorable Members of the General Assembly:

Lori G. Levin

On behalf of the members and staff of the Illinois Criminal Justice Information Authority, I am pleased to present the Authority's Fiscal Year 2006 Annual Report. This report details our agency's efforts throughout the year in the areas of criminal justice grants administration, information systems, policy and planning, and research.

As the administering agency for several federal and state grants in the area of law enforcement, the Authority completed planning for the new Justice Assistance Grant program in Illinois. Seven program priorities were identified in a collaborative effort of the criminal justice community, including juvenile anti-violence initiatives, research into the prevention and treatment for drug use, and support of law enforcement, prosecution, and probation efforts to combat, disrupt, and test drug users.

Staff monitored 985 individual grants during the fiscal year. Federal funds were allocated toward efforts to combat drug and violent crime, provide services to unserved and underserved victims of domestic violence and sexual assault, and improve timeliness and accuracy of criminal history records.

The Authority led the criminal justice community in an initiative to update the 1996 Model Domestic Violence Protocol for Law Enforcement, Prosecution, and the Judiciary. The 2006 Task Force on Domestic Violence Training and Curricula, comprised of members of the law enforcement, prosecution, victim service, and judicial communities, is working to review and revise the document with the latest research findings, knowledge in the field, and related Illinois legislation.

Staff also began coordinating an update of the Violence Against Women Act (VAWA) Implementation Plan. The initiative to review past priorities and define new priorities for maximizing federal VAWA and Victim of Crime Act funds was undertaken by criminal justice professionals, victim services providers, and members of the public.

With a \$50,000 federal grant, the Authority initiated development of the Clandestine Lab Reporting Information System (CLARIS). A shared online database, CLARIS will help eliminate gaps in the drug information network that records methamphetamine lab seizures. Combined with Illinois State Police and El Paso Intelligence Center data, the system will supplement existing state and federal drug information banks to pinpoint sources of meth production and stem its epidemic proliferation and sale. Data collected also helps the Authority obtain federal funding needed to combat use, manufacture and distribution of meth in Illinois.

The Illinois Integrated Justice Information System Implementation Board made great strides during the fiscal year toward development of its tactical plan, formulation of privacy policy guidance for state and local justice agencies, and recommendations for adopting electronic data exchange standards. The IIJIS Implementation Board has been nationally recognized for its work in privacy policy.

Staff also continued work with the National Institute of Corrections to evaluate Illinois' Evidence-Based Practices Initiative. This project seeks to establish a process and protocol for assessing probation performance.

Finally, a \$17,000 federal grant enabled staff of the Criminal History Records Audit Center to begin participation in a multi-state research project examining recidivism of sex offenders released from prison.

We look forward to continuing our partnership with the criminal justice community, the legislature, and the general public in fulfilling our mission of improving the administration of criminal justice in Illinois.

Lori G. Levin
Executive Director

Mission

Created in 1983, the Illinois Criminal Justice Information Authority is a state agency dedicated to improving the administration of criminal justice.

The Authority brings together key leaders from the justice system and the public to identify critical issues facing the criminal justice system in Illinois, and to propose and evaluate policies, programs, and legislation that address those issues. The agency also works to ensure the criminal justice system in Illinois is efficient and effective.

The Authority's specific powers and duties are detailed in the Illinois Criminal Justice Information Act [20 ILCS 3930].

The statutory responsibilities of the Authority fit into four areas: information systems and technology; research and analysis; policy and planning, and grants administration.

Information systems and technology

The Authority:

- Designs, develops, and supports systems which enhance the quality of victim service data.
- Serves as the sole administrative appeal body for determining citizen challenges to the accuracy of their criminal history records.
- Monitors the operation of existing criminal justice information systems to protect the constitutional rights and privacy of citizens.
- Supports the development of an integrated criminal justice information network in Illinois.

Research and analysis

The Authority:

- Publishes research studies that analyze a variety of crime trends and criminal justice issues.
- Acts as a clearinghouse for information and research on crime and the criminal justice system.

- Audits the state central repositories of criminal history record information for data accuracy and completeness.
- Develops and tests statistical methodologies and provides statistical advice and interpretation to support criminal justice decision-making.

Policy and planning

The Authority:

- Develops and implements comprehensive strategies for drug and violent crime law enforcement, crime control, and assistance to crime victims using federal funds awarded to Illinois.
- Advises the governor and the General Assembly on criminal justice policies and legislation.
- Coordinates policymaking groups to learn about ongoing concerns of criminal justice officials.
- Develops and evaluates state and local programs for improving law enforcement and the administration of criminal justice.

Grants administration

The Authority:

- Implements and funds victim assistance and law enforcement programs under the Victims of Crime Act, Violence Against Women Act, other grant programs as they become available.
- Monitors program activity and provides technical assistance to grantees.
- Provides staff support to the Illinois Motor Vehicle Theft Prevention Council, an 11-member board working to curb motor vehicle theft.
- Coordinates the Juvenile Crime Enforcement Coalition, charged with evaluating community-wide juvenile crime prevention needs and overseeing juvenile crime prevention planning initiatives supported with Juvenile Accountability Block Grant funding.

Authority Values Statement

The Illinois Criminal Justice Information Authority is dedicated to improving the administration of criminal justice in the state. The Authority works to identify critical issues facing the criminal justice system and proposes legislation, programs, and policies that address those issues. The Authority also strives to ensure the criminal justice system is as efficient and effective as possible. Authority staff are guided by the following values as they work to fulfill this mission.

Integrity

We believe in personal and professional integrity. We take pride in the Authority's mission and in maintaining and building on the agency's reputation for producing high quality work that is accurate, honest, fair, timely, and ethical. To that end, we will conduct our activities and ourselves in a manner that earns the public's trust and inspires confidence in our work. We will seek to encourage public feedback on our activities and public participation in planning activities and meetings.

Leadership

We are committed to supporting and developing staff leadership at all levels. Authority managers should lead by supporting innovation and by providing purpose, direction, example, and motivation while working toward the Authority's mission and improving the Authority. Our staff is encouraged to exercise leadership in motivating subordinates, coworkers, and/or supervisors to accomplish the Authority's mission and to adhere to the values established by the Authority. When appropriate, the Authority, as an organization, should assume a leadership role in the criminal justice system.

Diversity

We believe in an environment that supports and encourages a diverse workplace. We are committed to creating a comfortable and effective work environment; building rapport between people who are culturally, racially, and by gender different; utilizing the diverse ideas and experiences of all people in the workplace; supporting the right of every individual to be treated with fairness, consideration and respect; and enhancing our organizational culture by continuously improving human resource practices so that all staff feel welcome, their differences are valued, and they are supported in their work.

Professional development

We believe the most important asset of the Authority is its staff, and believe in giving each employee a chance to realize his or her fullest potential. We are committed to enhancing and expanding the skills, knowledge, and expertise of our staff. Therefore, we will work to meet training needs and promote individual as well as collective career enhancement.

Public service

We recognize that as a government agency, we serve the public. We understand that our purpose is to serve the best interests of the public. To maximize the use of public funds in support of our mission, we will strive to operate in a cost-effective and efficient manner, and support programs that operate in such a manner. We acknowledge our responsibility to disseminate information to maintain our accountability to the public.

Respect

We are committed to cooperation and teamwork and will keep the value of those with whom we associate, inside and outside of the Authority, at the forefront as we pursue the Authority's mission. We will strive to treat others with consideration, common courtesy, and dignity.

Teamwork and collaboration

We value teamwork and collaboration. We seek an atmosphere where individual talents and organizational expertise are combined to achieve successful outcomes. Internally, we will foster shared participation, responsibility, and recognition among staff at all levels and across functional units. Externally, we will facilitate constructive relationships among policymakers, criminal justice agencies, and stakeholders throughout the criminal justice system.

Excellence

We believe all our work must be of high quality. That is, it should be useful, informative, timely, complete, accurate, cost effective, objective, free from bias, accessible, and reflective of the best professional practice. We also believe that the work of any one staff person reflects upon the work of the entire Authority. We expect all staff members to generate high-quality work products.

Composition and membership

In FY06, the Illinois Criminal Justice Information Authority was governed by a 21-member board of state and local leaders in the criminal justice community, and experts from the private sector. The Authority is supported by a full-time professional staff working out of the agency's office in Chicago.

The Authority is led by a chairman, who is appointed by the governor from among the board's members. The Authority is required to meet at least four times a year.

Authority members set agency priorities, track the progress of ongoing programs, and monitor the agency's budget.

By law, in FY06 the Authority included:

- Two police chiefs (Chicago and another municipality).
- Two sheriffs (Cook and another county).
- Two state's attorneys (Cook and another county).
- Two circuit court clerks (Cook and another county).
- Illinois attorney general (or designee).
- Director, Illinois State Police.
- Director, Illinois Department of Corrections.
- Director, Office of the State's Attorneys Appellate Prosecutor.
- Director, Office of the State Appellate Defender.
- Executive director, Illinois Law Enforcement Training and Standards Board.
- Cook County Board president.
- Six members of the public.

Authority members include:

David P. Bradford

David Bradford is the chief of police in Glen Carbon. With more than 20 years of Illinois municipal law enforcement experience, Mr. Bradford is a certified police chief by the Illinois Association of Chiefs of Police. He earned a master's in public administration from Southern Illinois University, Edwardsville, and his articles

on various aspects of law enforcement have been published in national publications.

Dorothy Brown

Dorothy Brown was first elected Cook County Circuit Clerk in 2000, becoming the first African American to hold the position. She was re-elected to a second term in November 2004. Ms. Brown holds a master's in business administration, and a juris doctorate of law and is a certified public accountant. As the official keeper of records for all judicial matters brought into one of the largest unified court systems in the world, Ms. Brown is responsible for managing an annual operating budget of over \$100 million and has a workforce of more than 2,300 employees.

Philip J. Cline

Philip J. Cline was appointed Chicago Police Department Superintendent in October 2003. Mr. Cline has been with the Chicago Police Department since 1968, starting as a cadet and working through the ranks. In 1998, after becoming commander of the Narcotics and Gang Investigations Section, Mr. Cline developed CPD's Street Corner Conspiracy Initiative, where investigators remove open-air drug markets by building strong cases using undercover drug buys and video surveillance. He was promoted to deputy chief of the Organized Crime Unit, chief of detectives, and first deputy superintendent before being appointed to his current post.

Tom Dart

Tom Dart was sworn in as the 52nd Cook County sheriff in December 2006. Mr. Dart began his career in public service as an assistant state's attorney in Cook County. In 1992, Mr. Dart won a seat in the Illinois House, where he sponsored Mayor Daley's Safe Neighborhoods Act and authored several state laws designed to crack down on child sex offenders, including a statute that targeted child predators who use the Internet to lure young victims. Mr. Dart also wrote the Sexually Violent Predators Commitment Act, enabling judges to detain sexual predators in state mental health facilities if they believe the offender

is likely to commit new sex crimes. Mr. Dart joined the Cook County Sheriff's Office in 2003, where he served as chief of staff to former Cook County Sheriff Michael F. Sheahan.

Jerry Dawson

Jerry Dawson was appointed Macon County Sheriff in 2003 and was elected to his first term in that office in 2004. Prior to that he was chief of investigations and the jail superintendent at the Macon County Jail, having held various positions in the sheriff's office since 1977. He founded the Macon County Justice Council and is a member of the Fraternal Order of Police, Policemen's Benevolent and Protective Association, Illinois and National sheriff's associations, and Emerald Society of Illinois. He holds a B.A. in criminal justice from the University of Illinois-Springfield, and is a former adjunct instructor at Richland Community College in Decatur.

Bradley G. Demuzio

Bradley G. Demuzio became director of the Secretary of State Police Department in 2002. He served as the chief deputy director of operations for that department from 1999 to 2002. Prior to that, he spent 13 years as an investigator for the Office of the Attorney General. From 1984 to 1986, he worked in the child support division of the Cook County State's Attorney's Office. He is a graduate of the FBI National Academy and the FBI Law Enforcement Executive Development Seminar, and is a member of the Illinois Association of Chiefs of Police, the Illinois Sheriff's Association, and the International Association of Chiefs of Police.

Richard A. Devine, vice chairman

Richard A. Devine was first elected Cook County State's Attorney in November 1996. With more than three decades of experience in both public and private practice, Mr. Devine served as first assistant state's attorney from 1980 to 1983. He is a past president of the Illinois State's Attorneys Association, and serves on boards of the National District Attorneys Association and the Northwestern University School of Law. He is also a member of the American Bar Association's Criminal Justice Section.

Barbara L. Engel

Barbara L. Engel has worked on behalf of crime victims in Illinois for more than 30 years. Ms. Engel is a board member of the Chicago Abused Women Coalition, the Community Justice for Youth Institute and the City of Chicago's Domestic Violence Advocacy Coordinating Council. She is on the advisory council for Rise Children's Center and member of both the Illinois Center for Violence Prevention's Leadership Council and the Alumni Council of the Chicago Foundation for Women. Ms. Engel is cofounder of the Chicago Metropolitan Battered Women's Network and past director of Women's Services at the YWCA of Metropolitan Chicago.

Norbert J. Goetten

Norbert J. Goetten became director of the Office of the State's Attorney's Appellate Prosecutor in December 1991, following a 19-year tenure as Greene County State's Attorney. Prior to that, Mr. Goetten spent five years in private practice specializing in criminal law. He is a past president and treasurer of the Illinois State's Attorneys Association.

Theodore A. Gottfried

Theodore A. Gottfried became the state's appellate defender in December 1972, when appointed by the Illinois Supreme Court. The Office of the State Appellate Defender is nationally recognized for excellence in providing indigent criminal defense services. Mr. Gottfried is a member of National Legal Aid and Defender Association and the Illinois State Bar Association, and served as a member of the Illinois Pro Bono Center Board of Directors.

Becky Jansen

Becky Jansen was elected Effingham County Circuit Clerk in 2004, after 16 years of service to the office in various capacities. Ms. Jansen is treasurer of the Illinois Association of Circuit Court Clerks, and vice president of the Business of Professional Woman. She is also a member of the Illinois Association of County Officials and the Effingham Sunrise Rotary.

Thomas J. Jurkanin

Thomas J. Jurkanin was appointed executive director of the Illinois Law Enforcement Training

and Standards Board in April 1992. With 30 years of experience in the criminal justice field, Dr. Jurkanin holds a doctorate in education from Southern Illinois University at Carbondale. He obtained both bachelor's and master's degrees in social justice from the University of Illinois at Springfield. He is senior editor of the *Law Enforcement Executive Forum* and co-author of a book entitled, *"Enduring, Surviving, Thriving as a Law Enforcement Executive,"* published by Charles C. Thomas. Dr. Jurkanin also recently published a book entitled, *"Chicago Police: An Inside View."* He is vice chairman of the Governor's Law Enforcement Medal of Honor Committee and a member of the International Association of Chiefs of Police Education and Training Committee.

Lisa Madigan

Lisa Madigan was elected as the state's first female attorney general in November 2002. Prior to that, she served as a state senator representing the 17th District on Chicago's North Side. As an attorney in Chicago, Ms. Madigan specialized in employment law. Her experiences also include volunteering to teach young women in apartheid South Africa and working with police on Chicago's West Side in an innovative after-school and weekend program to keep kids safe.

William A. Mudge

William A. Mudge began his term as Madison County State's Attorney in November 2002. He has a variety of legal experience dating back to 1985, both as an assistant state's attorney and assistant public defender. Mr. Mudge chaired the U.S. Senate Judicial Nominating Commission for the Southern District of Illinois in 1999. He has worked with federal officials on gun crime initiatives, and participated in improving quality of life issues for local communities under the federal and local government Weed and Seed partnership.

Eugene E. Murphy Jr.

Eugene E. Murphy Jr. is an attorney in private practice focusing on commercial and corporate litigation, and white collar defense and prosecution and governmental litigation. Mr. Murphy has a variety of legal experience dating back to 1987. He presently manages the national litigation practice of Murphy & Hourihane, LLC. Earlier in

his career while an assistant state's attorney with the Cook County State's Attorney's Office, Mr. Murphy directed the investigation and prosecution of high profile financial crimes committed by business owners, corporate executives, and government officials.

Sheldon Sorosky, chairman

Sheldon Sorosky is an attorney in private practice. He was an assistant state's attorney with the Cook County State's Attorney's Office from 1967 to 1972, and then entered private practice as a criminal defense lawyer.

Mariyana Spyropoulos

Mariyana Spyropoulos is an attorney in private practice. She was an assistant state's attorney with the Cook County State's Attorney's Office from 1997 to 2000. She also served as a hearing officer with the Illinois Office of the Secretary of State from 2000 to 2005. She is a member of the Chicago Bar Association, Illinois State Bar Association, American Bar Association, and Women's Bar Association.

Todd H. Stroger

Todd H. Stroger was sworn in as the 33rd president of the Cook County Board of Commissioners in December 2006. In 1992, Mr. Stroger was elected state representative of the 31st Legislative District, where he worked to control taxes and reduce spending, increase access to affordable health care, and eliminate wage discrimination against women. In 2001, Mr. Stroger was appointed by Mayor Richard M. Daley to fill the office of late Chicago Ald. Lorraine Dixon and was re-elected to that office in February 2003.

John Z. Toscas

John Z. Toscas is a former prosecutor currently in private practice with a concentration in local government law. Mr. Toscas is the elected assessor of Worth Township, is past president of School District 130, and is a former Worth Township trustee. He is an arbitrator with the Circuit Court of Cook County and an administrative hearing officer for several municipalities. Mr. Toscas was a director in the Cook County Sheriff's Office and police officer for more than 12 years before becoming an attorney.

Larry G. Trent

Larry G. Trent was appointed director of the Illinois State Police (ISP) in 2003. Mr. Trent has an extensive law enforcement background, which began in 1971 as an Illinois state trooper. He has held a variety of investigative and management positions throughout his ISP career, receiving six promotions, and numerous federal and state commendations. Mr. Trent attended graduate school at the University of Louisville and the National Executive Institute at the FBI Academy. He is a decorated Vietnam combat veteran and a member of the VFW and American Legion.

Roger E. Walker Jr.

Roger E. Walker Jr. was appointed director of the Illinois Department of Corrections in 2003. Mr. Walker began his law enforcement career in 1972 with the Macon County Sheriff's Office, moving through the ranks as a patrol officer, detective, patrol sergeant, and lieutenant. He was elected Macon County Sheriff in 1998 and ran unopposed in 2002 to become the first African American elected as a county sheriff in Illinois. He is a past-vice president of the Land of Lincoln Chapter of the National Organization of Black Law Enforcement Executives. Director Walker also is a member of the Association of State Correctional Administrators, American Correctional Association, Illinois Sheriff's Association, and National Sheriff's Association. He was a recipient of the Illinois State Bar Association Law Enforcement Award in 2002.

Committees

The Authority has both ad hoc and standing committees. The Authority chairman appoints committee chairs and vice chairs. Non-Authority members may be appointed to *ad hoc* committees as long as the committees include at least one Authority member. Standing committees help direct and review much of the agency's work. With the exception of the Appeals Committee, standing committees consist of at least seven members of the Authority.

Budget Committee

The Budget Committee reviews the Authority's budget. It receives fiscal reports about the funds made available to further the purposes of the Illinois Criminal Justice Information Act and oversees grant award procedures of the Authority. In addition, committee members may present testimony and advocate for the Authority's budget request before the governor and General Assembly.

Information Systems Committee

The Information Systems Committee reviews and monitors the development and operation of comprehensive information systems in Illinois. The committee also oversees the annual and periodic audits of the state central repositories, as provided in the Illinois Criminal Justice Information Act, and evaluates programs and makes recommendations regarding proper reporting of dispositions to Illinois State Police by state's attorneys and clerks of the circuit courts. In addition, the committee reviews integration efforts to ensure that they fall within the broader goals of statewide justice information systems coordination.

Planning and Research Committee

The Planning and Research Committee reviews the research projects, proposals, and programs of the Authority's Research & Analysis Unit, and evaluates and correlates state and local programs, as provided in the Illinois Criminal Justice Information Act. The Planning and Research Committee also helps determine research and evaluation priorities that meet the needs of decision-makers. The committee oversees the

Institutional Review Board to ensure the protection of human research subjects and compliance with applicable laws and regulations. The board reviews all research involving human subjects that is conducted, sponsored, or supported by the Authority.

Legislation and Regulations Committee

This committee reviews criminal justice-related legislation and regulations proposed by Authority staff and other agencies. It also provides testimony and makes recommendations to the governor and General Assembly, as provided in the Illinois Criminal Justice Information Act. The committee studies and recommends regulations to ensure the privacy and security of criminal history record information as required by law.

Appeals Committee

The Appeals Committee decides administrative appeals by citizens who have challenged the accuracy and completeness of their state criminal history records.

Staff organization

While Authority members set priorities for the agency and monitor their progress, the day-to-day work is carried out by Authority staff, who come from a variety of backgrounds and disciplines.

At the end of the fiscal year 2006, the Authority had an approved staffing level of 87 employees, with 82 on payroll and five vacancies, and four contractual staff members. To maintain diversity, the agency aggressively pursues equal employment opportunities. As of June 30, 2006, the Authority's workforce was 59 percent female, 41 percent male, 67 percent white, 21 percent African American, 9 percent Asian, and 4 percent Hispanic.

Office of the Executive Director

The agency's executive director, who is appointed by the governor with the advice and consent of the Illinois Senate, is responsible for the direction and administration of Authority staff. The executive director determines staff priorities and administers resources and programs needed to meet agency goals. The executive director also serves as liaison to the governor, General Assembly, Authority members, and state and national criminal justice officials and organizations.

Office of General Counsel

The general counsel provides legal services to the Authority, particularly in areas such as access to criminal justice information, privacy and security concerns, the Illinois Freedom of Information Act, and interagency funding agreements. The office directs the Authority's legislative program, and the general counsel serves as secretary to the Authority and the Motor Vehicle Theft Prevention Council. The general counsel also acts as chief of staff and, in the absence of the executive director, provides leadership, direction, and policymaking decisions for the Authority. The Office of General Counsel also oversees the Office of Public Information.

Office of Human Resources

The Office of Human Resources develops and oversees compliance with mandated programs

and implements personnel policies. It also coordinates a variety of employee training initiatives, and administers employee benefit programs, compliance with the Americans with Disabilities Act, and the agency's annual Affirmative Action Plan.

Office of Administrative Services

The Office of Administrative Services is responsible for office security and the day-to-day general operations of the agency. This includes procurement of office equipment and supplies, telecommunications, inventory management, printing, and arrangements for meetings and travel.

Office of Fiscal Management

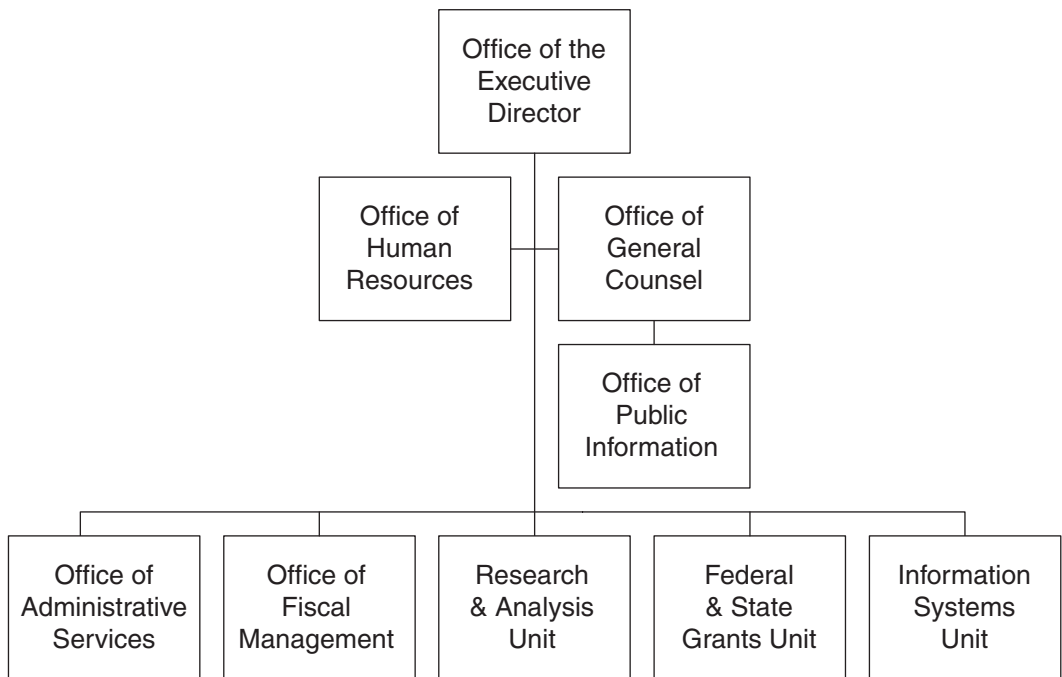

The Office of Fiscal Management formulates the Authority's annual budget, administers its financial transactions, and prepares mandated financial reports for the Office of the Comptroller, the U.S. Department of Justice, and other funding agencies. The office also oversees compliance with the Business Enterprise Program and the Fiscal Control and Internal Auditing Act.

Office of Public Information

The Office of Public Information manages media relations and external communications for the Authority. It oversees the editing, design, and production of research reports, brochures, guidebooks, the annual report, and other documents published by the Authority.

Federal & State Grants Unit

The Federal & State Grants Unit oversees federal and state assistance programs administered by the Authority, including 13 federal initiatives, including the Justice Assistance Grant program, Victims of Crime Act, Violence Against Women Act, and Juvenile Accountability Block Grant program, and the state Motor Vehicle Theft Prevention Act. The unit is responsible for developing program strategies, recommending programs to be funded, and monitoring awards.

Research & Analysis Unit

The Research & Analysis Unit conducts research that supports criminal justice policy and program development. The unit serves as an information clearinghouse for criminal justice statistics and research. In addition, it collects, analyzes, and disseminates information on the extent and nature of drug and violent crime in Illinois, and performs evaluations of crime control programs. It also develops statistical methodologies and provides statistical advice and interpretation to support criminal justice decision-making and information needs.

Information Systems Unit

The Information Systems Unit develops and manages the Authority's computerized information systems, including InfoNet and the Computerized Lab Reporting Information System. The unit is responsible for software development, systems operations, and technical support. The unit also provides technical support for in-house systems and computer users.

Illinois Integrated Justice Information System

Implementation Board

Created to promote the integration of justice information systems throughout the state, the Illinois Integrated Justice Information System (IJIS) Implementation Board made advancements toward three major goals in FY06. With assistance from Authority staff and members of its primary committees, the board continued efforts toward development of its tactical plan, began formulating privacy policy guidance for state and local justice agencies, and took steps toward adopting recommended data exchange standards.

To coordinate the development of information systems designed to efficiently share justice data, the Implementation Board directed its four primary committees to develop a detailed tactical plan. A document was drafted that explained the tasks and resources needed to develop a tactical plan and proposed a rough outline of the IJIS Tactical Plan based upon recommendations contained in the SEARCH Technical Assistance Report and components of other states' integrated justice implementation plans. Information collected throughout the year through research and during various justice information events also was incorporated into the tactical planning process.

During the fiscal year, IJIS staff devoted considerable efforts to developing privacy policy documents that can be utilized by state and local justice agencies considering the development of integrated justice information systems. The Privacy Policy Subcommittee shifted its focus from developing a formal policy to creating a set of findings and recommendations that state and local agencies could use to develop their own policies. Staff outlined the *Privacy Policy Guidance* series, a set of reports that would clearly set forth existing legal requirements surrounding the sharing of justice information, identify issues not addressed in the law, and detail subcommittee deliberations concerning those privacy issues.

The Privacy Policy Subcommittee also developed a document, *"Privacy issues confronting the sharing of justice information in an integrated justice environment,"* on privacy concerns surrounding the enhanced collection, analysis, and sharing of traditional justice information. No other state

has compiled such a comprehensive listing of privacy challenges. Staff is updating the document to include privacy issues raised by analysis and sharing of police incident report information by national and state law enforcement agencies.

IJIS staff also presented the findings of a comparison study of privately compiled criminal history information and official rap sheets to the Internet Criminal History Record Information Project Advisory Group, convened by the Bureau of Justice Statistics and SEARCH. The group is exploring the possibility of conducting a project plan to study on a national scale the quality of private and government background checks.

Finally, during FY06 the Technical Committee resumed its work recommending the Implementation Board's adoption of electronic data exchange standards.

Gov. Blagojevich created the 26-member IJIS Implementation Board in 2003 to implement the *Illinois Integrated Justice Information System 2003-2004 Strategic Plan*. Authority and Illinois State Police staff support work of the Board, comprised of members of the justice community. Besides promoting the integration of justice information systems in Illinois, the board is charged with:

- Coordinating the development, adoption, and implementation of plans and strategies for sharing justice information.
- Coordinating the development of systems that enhance integration.
- Establishing standards to facilitate the electronic sharing of justice information.
- Promulgating policies that protect individuals' privacy rights related to the sharing of justice information.

For more information, visit the IJIS website at www.icjia.state.il.us/ijis.

Motor Vehicle Theft Prevention Council

With the support of the insurance industry, the General Assembly established the Illinois Motor Vehicle Theft Prevention Council in 1991 to combat vehicle theft, insurance fraud, and related crimes. The 11-member Council is made up of law enforcement and insurance industry officials. Day-to-day work of the Council is carried out by Authority staff.

The Council's responsibilities, as listed in the Illinois Motor Vehicle Theft Prevention Act, include assessing the scope of motor vehicle theft, particularly in those areas of the state with the highest theft rates, allocating funds made available for the purpose of the act, and developing and implementing strategies to combat motor vehicle theft.

The act requires that certain insurance companies pay into a special trust fund in the state treasury. Insurance companies licensed to write private passenger comprehensive coverage are required to pay \$1 into the fund annually for each vehicle insured in the previous year. Collected and administered by the Council, contributions to the fund totalled \$6.2 million in 2006.

The Council allocates grants supporting programs such as special auto theft task forces

Council highlights: 1991 to FY06

Investigations initiated	23,824
Audits of vehicle businesses	38,553
Arrests made	11,790
Convictions obtained	5,060
Vehicles recovered	29,404
Value of recoveries	\$230.2 million

and investigative teams, prosecutions, statewide audits of salvage yards, public education, officer training, and data analysis. The Council funded 12 programs in FY06.

Vehicle thefts down 26 percent

Reports of motor vehicle theft in Illinois dropped 26 percent between 1991, when the Council was created, and 2005. The 41,705 vehicles reported stolen in 2005 represented 1,281 fewer stolen than in the previous year.

For more information or a copy of the Motor Vehicle Theft Prevention Council Annual Report, call (312) 793-8550, or visit the MVTPC website: www.icjia.state.il.us/mv.

Motor Vehicle Theft Prevention Council grants

The Authority distributed MVTPC grant funds to the following programs between July 1, 2005, and June 30, 2006. Funds distributed during the fiscal year may differ from the total award received for each program.

Program	Agency	State funds distributed
Beat Auto Theft Through Law Enforcement	DuPage County Sheriff's Department	\$691,940
Insurance Vehicle Expense Fund	Illinois Anti-Car Theft Committee	\$63,590
Kane County Auto Theft Task Force	Elgin Police Department	\$407,608
Metro East Auto Theft Task Force	Belleville Police Department	\$691,940
Motor Vehicle Theft Intelligence Clearinghouse	Illinois State Police	\$335,876
Motor vehicle theft prevention training	Illinois State Police	\$88,049
Motor Vehicle Theft Prosecution Unit	Cook County State's Attorney's Office	\$715,797
Northeast Metro Auto Theft Task Force	Illinois State Police	\$618,589
Northern Illinois Auto Theft Task Force	Winnebago County Sheriff's Department	\$770,732
Special audit teams	Illinois Secretary of State Police Department	\$1,196,236
State and local auto theft enforcement	Peoria Police Department	\$380,778
Tri-County Auto Theft Task Force	Joliet Police Department	\$800,124

Federal and state grants

The Federal & State Grants Unit (FSGU) administers grant programs overseen by the Authority. Authorized under the Authority's power to receive and disburse grant money, this responsibility includes assuring compliance with federal and state regulations.

The Authority began administering federal grants in 1985, following the passage of the Justice Assistance Act and the Victims of Crime Act by Congress. In FY06, 21 staff members administered 985 individual grants under one state and 13 federal programs, with more than \$54.4 million in disbursements for the fiscal year.

FSGU staff perform a variety of functions in developing, implementing, and monitoring state and local programs while ensuring compliance with numerous federal and state laws and guidelines. These tasks include planning, program development, technical assistance, coordination, and administration.

Anti-Drug Abuse Act

The federal Anti-Drug Abuse Act (ADAA) of 1988, also known as the Edward Byrne Memorial State and Local Law Enforcement Assistance Program, supports government programs that enable the enforcement of Illinois drug laws and help decrease violent crime. More than \$20.3 million in ADAA funds were disbursed in FY06. Of the 385 programs supported with these funds, 19 were statewide.

A minimum of 65.51 percent of the funds received must be passed through to local units of government and the remainder may be spent by state agencies. ADAA guidelines require that matching funds support at least 25 percent of each funded program's total cost. A federal fiscal year's program funds may be spent over a three-year term in accordance with a detailed strategy prepared every three years. With the exception of multijurisdictional drug and gang units and victim service initiatives, projects are funded for a maximum of 48 months. For a list of programs funded by ADAA in FY06, see page 22.

Justice Assistance Grants Program

The Justice Assistance Grant (JAG) program was designed to streamline justice funding and grant administration. The program blends funding for Edward Byrne Memorial State and Local Law Enforcement Assistance (also known as ADAA) and Local Law Enforcement Block Grant (LLEBG) programs to provide agencies with the flexibility to prioritize and place justice funds where they are needed most.

JAG funds can be used for state and local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and information systems for criminal justice for any one or more of the following purpose areas:

- Law enforcement.
- Prosecution and court.
- Prevention and education.
- Corrections and community corrections.
- Drug treatment programs.
- Planning, evaluation, and technology improvement.

JAG program planning was completed in FY06. The following ADAA priorities were maintained for JAG administration and are consistent with the National Drug Control Strategy:

Priority 1: Support prevention programs that help youth recognize risks associated with violent crime and drug use and target youth to reduce their use of violence, illicit drugs, alcohol, and tobacco products.

Priority 2: Support programs statewide that target prevention and early intervention for juveniles, with particular emphasis on the principals of balanced and restorative justice.

Priority 3: Support programs that enhance treatment effectiveness, quality, and services so that those who need treatment can receive it.

Priority 4: Support research that identifies what works in drug treatment and the prevention of drug use, violent crime, and their consequences.

Priority 5: Support programs that promote the efficiency and effectiveness of the criminal justice system.

Priority 6: Support efforts to implement an integrated justice system in Illinois that includes all components of the criminal justice system and includes every jurisdiction within the state.

Priority 7: Support efforts with law enforcement, prosecution, and probation to combat, disrupt, and test drug users. The JAG Prevention and Education Programs purpose area states that funds must be allocated to support prevention programs that help youth recognize risks associated with violent crime and drug use, and target youth to reduce their use of violence, illicit drugs, alcohol, and tobacco products.

Illinois' federal fiscal year 2006 JAG allocation was \$8.5 million, about a 40 percent reduction in funding from the prior year. JAG funding administration to programs across Illinois began in July 2006.

Juvenile Accountability Block Grants Program

Juvenile Accountability Block Grants (JABG) Program funding supports local efforts to reduce juvenile delinquency and crime, and hold young people, their families, and the juvenile justice system accountable for improving the quality of life in every community. Purpose areas include developing graduated sanctions and providing funding to train law enforcement and court personnel. Program requirements include establishing and maintaining restorative justice programs, hiring detention personnel, providing risk and needs assessment, and establishing a juvenile records system.

In FY06, the Authority disbursed \$3.8 million in JABG funds. These funds were used to support 88 juvenile justice programs throughout Illinois.

A minimum of 75 percent of the funds must be allocated to units of local government. Three-quarters of each unit of local government allocation is based on law enforcement expenditure data, and 25 percent on the average annual number of Uniform Crime Report Part 1 violent crime arrests. JABG guidelines require matching funds of 10 percent.

The Juvenile Accountability Incentive Block Grants (JAIBG) program was enacted in 1998 to promote greater accountability in the juvenile justice system. JAIBG was revised and renamed the Juvenile Accountability Block Grants program in FY04.

See page 28 for a list of programs funded through JABG in FY06.

Local Law Enforcement Block Grants Program

The U.S. Department of Justice Bureau of Justice Assistance makes funds available to units of local government under the Local Law Enforcement Block Grants (LLEBG) program for purposes of reducing crime and improving public safety.

Illinois administered \$28,166 in LLEBG funding in FY06. The funds were awarded to the City of Colchester and Village of Summerfield. A minimum of 25 percent of the funds were available for units of local government with populations less than 25,000 and a maximum of 25 percent of the funds were available for those with populations of 25,000 or greater.

National Criminal History Improvement Program

The National Criminal History Improvement Program (NCHIP) was established in 1995 to promote the accuracy, completeness, and timeliness of criminal history records. Funds are used at the state and local levels to improve the quality of criminal history records, or "rap sheets," which are vital to police, prosecutors, judges, and various government agencies.

In FY06, the Authority distributed \$1,050,000 in federal funds to Illinois State Police in support of NCHIP initiatives.

National Forensic Sciences Improvement Act

The Paul Coverdell National Forensic Sciences Improvement Act (NFSIA) authorizes funding to improve the quality, timeliness, and credibility of forensic science services for criminal justice purposes. NFSIA funding is directed to crime laboratories and medical examiners' offices based on population and crime statistics. The program permits funding for facilities, personnel, computerization, equipment, supplies, education, and training.

Project Safe Neighborhoods grants

The Authority distributed Project Safe Neighborhoods grant funds to the following programs between July 1, 2005, and June 30, 2006. Funds distributed during the fiscal year may differ from the total award received for each program.

Program	Agency	Federal funds distributed
Project Safe Neighborhoods Central	Illinois Association of Chiefs of Police	\$21,017
Project Safe Neighborhoods Central	Illinois Sheriffs' Association	\$89,718
Project Safe Neighborhoods Central	Peoria Children's Home	\$6,930
Project Safe Neighborhoods Central	Peoria DRAGUN Group	\$34,890
Project Safe Neighborhoods Central	Quad Cities DRAGUN Group	\$32,336
Project Safe Neighborhoods Central	Springfield Police Department	\$63,386
Project Safe Neighborhoods Northern	City of Chicago	\$282,228
Project Safe Neighborhoods Northern	Chicago Crime Commission	\$119,806
Project Safe Neighborhoods Northern	Cook County's State's Attorney's Office	\$30,000
Project Safe Neighborhoods Northern	Hands Without Guns	\$25,000
Project Safe Neighborhoods Northern	Illinois Department of Corrections	\$78,961

In FY06, the Authority disbursed \$274,889 to Illinois State Police for forensic science initiatives. ISP operates nine laboratories that provide forensic services to almost 1,500 law enforcement agencies in Illinois.

Project Safe Neighborhoods

Project Safe Neighborhoods (PSN) is a nationwide program committed to reducing gun crime by enhancing cooperative initiatives between local, state, and federal agencies. Led by regional task forces, the Authority administers PSN awards on behalf of the Office of the U.S. Attorney in both the Northern and Central Districts of Illinois. PSN sets aside substantial portions of each award for programs focused on juveniles.

In the Central District, headquartered in Springfield, PSN provides funds to facilitate local participation in cooperative gun and violent fugitive task forces. In the Northern District, headquartered in Chicago, the PSN strategy focuses on integrated public information, enforcement, prosecution, and parole efforts in the five Chicago police districts with the highest incidence of gun crime.

In FY06, \$784,271 was disbursed to 11 anti-gun crime initiatives in Illinois.

Residential Substance Abuse Treatment Program

The Residential Substance Abuse Treatment Program (RSAT) provides funding for treatment programs in a correctional setting and is available

to the Illinois Department of Corrections (IDOC). RSAT funds are used to implement three types of programs: residential, jail-based, and aftercare. At least 10 percent of the total state allocation, beginning in federal fiscal year 2003, must be made available to local correctional and detention facilities for either residential or jail-based substance abuse treatment programs.

In FY06, nearly \$1.8 million was distributed to IDOC for treatment programs across the state.

RSAT provides formula grants to correctional agencies to implement treatment programs for prisoners housed in IDOC facilities. RSAT funding requires the following criteria be met for funding eligibility:

- Length of treatment must be six to 12 months.
- Offenders must receive treatment services in a residential setting away from the general inmate population.
- The primary focus of the program must be on the substance abuse problems of the inmate, but the program also must develop inmates' social, cognitive, behavioral, and vocational skills.

In addition, treatment should be limited to offenders who are nearing the end of their incarceration so that they may be released upon completion of the substance abuse program.

Violence Against Women Act

Congress passed the S.T.O.P. (Services * Training * Officers * Prosecutors) Violence Against Women

Residential Substance Abuse Treatment Program

The Authority distributed grant funds to the following Residential Substance Abuse Treatment Programs between July 1, 2005, and June 30, 2006. Funds distributed during the fiscal year may differ from the total award received for each program.

Program	Agency	Federal funds distributed
Dixon Dual Diagnosis	Illinois Department of Corrections	\$255,031
Dwight Correctional Center	Illinois Department of Corrections	\$97,549
Graham Correctional Center Expansion	Illinois Department of Corrections	\$131,515
Illinois Youth Center - Harrisburg	Illinois Department of Corrections	\$93,831
Illinois Youth Center - Joliet	Illinois Department of Corrections	\$93,746
Illinois Youth Center - Kewanee	Illinois Department of Corrections	\$146,609
Illinois Youth Center - St. Charles	Illinois Department of Corrections	\$48,648
Illinois Youth Center - St. Charles	Illinois Department of Corrections	\$124,179
Illinois Youth Center - Warrenville	Illinois Department of Corrections	\$116,510
Illinois Youth Center Screening Expansion	Illinois Department of Corrections	\$72,426
Lincoln Correctional Center	Illinois Department of Corrections	\$99,000
MSU Kankakee	Illinois Department of Corrections	\$66,318
Pere Marquette	Illinois Department of Corrections	\$120,000
Robinson Correctional Center Pre-Treatment	Illinois Department of Corrections	\$134,509
Residential substance abuse treatment	Illinois Department of Corrections	\$33,527
Screening assessment	Illinois Department of Corrections	\$152,923

Act (VAWA) in 1994, and again in 2000. Among the provisions of the act is a section authorizing grants to states for programs that would improve the response of the criminal justice system to female victims of sexual assault and domestic violence.

As the agency charged with administering VAWA awards in Illinois, the Authority relies on statistical data, public testimony, and surveys of criminal justice and victim service agencies to ensure the most effective distribution of funds.

The program's objectives include:

- Providing services to women who are victims of sexual assault and domestic violence by establishing satellite programs in one or more counties and extending services to victims who are unserved or underserved.
- Developing, implementing, and evaluating a plan for training police, prosecutors, judges, circuit clerks, probation officers, and service providers that reflects the unique information and skills necessary to promote an interdisciplinary approach to sexual assault and domestic violence.
- Implementing measures that document and assess the response of criminal justice agencies in Illinois to sexual assault and domestic violence.

- Providing support for efforts that enable coordinated multidisciplinary responses to adult female victims of sexual assault and domestic violence, including the adoption and institutionalization of protocols based on state or national models.

The Authority received \$4.4 million in VAWA grant funding in FY06. VAWA funds were disbursed during the fiscal year to support 72 programs. The act specifies that states must allocate 25 percent of the funds to law enforcement, 25 percent to prosecution, 30 percent to service providers, and 5 percent to the courts. The remaining 15 percent can be allocated at the state's discretion.

Funds have a two-year life span and must be spent in accordance with a plan submitted to the Office on Violence Against Women, U.S. Department of Justice. See page 30 for a list of programs funded through VAWA in FY06.

VAWA Implementation Plan

As the state agency charged with administering VAWA in Illinois, the Authority also is responsible for developing a plan for fund distribution. In FY06, staff initiated efforts to update the VAWA Implementation Plan. The initiative to review past priorities and define new ones for the use of VAWA and Victim of Crime Act (VOCA)

funds will be conducted by the Authority's Ad Hoc Victim Services Committee, comprised of criminal justice and victim services professionals, and members of the public.

The committee is charged with reviewing crime and victimization trend data, information on current efforts, and data from funded programs. Results from a criminal justice needs assessment survey commissioned by the Authority in FY06 will be utilized.

The planning process also includes consideration of the needs:

- For development and/or enhancement of a criminal justice data infrastructure to include more information on the incident and the crime victim.
- For cross-training and interdisciplinary training.
- To create partnerships to coordinate the effective use of resources.
- To foster collaboration and support collaborative efforts.
- To support education efforts on victims' rights.
- To explore the possibility of a system of recourse for victims whose rights have been violated.
- To ensure a minimum provision of basic services to all victims of crime and prioritize funding for direct services.

Multidisciplinary response teams for domestic violence and sexual assault victims

In FY06, VAWA program funds were used to continue enhancing protocols and guidelines for responding to victims of domestic violence or sexual assault.

Kankakee, McLean, Peoria, and St. Clair counties received VAWA funding in FY06 to enhance their multidisciplinary responses to domestic violence and sexual assault cases by coordinating the services of law enforcement officers, prosecutors, service providers, victim advocates, and the judiciary.

Each multidisciplinary response team incorporates training to emphasize the spirit of interagency cooperation, while providing participants with the necessary skills to combat domestic violence and sexual assault. The goal is to heighten sensitivity while improving evidence

collection, initial response, victim interviews, and victim referrals.

Transitional housing programs

In FY06, VAWA funds also were used to support nine transitional housing programs providing services to victims of domestic violence. Many implementing agencies allow victims to stay for up to one year. The agencies collaborate with other service providers in the community to ensure that the victims receive literacy services, job training, employment referrals, public assistance, and housing, if needed.

Victims of Crime Act

The Victims of Crime Act (VOCA), funded with fines paid by offenders convicted of violating federal laws, supports direct services to victims of crime. The act requires that priority be given to services for victims of sexual assault, domestic violence, child abuse, and other groups identified by the state as underserved victims of crime.

The Authority received \$15.4 million in VOCA grant funding in FY06. The Authority disbursed more than \$16.3 million in VOCA grant funding to 143 victim service providers during the fiscal year. These funds supported victim advocacy programs throughout Illinois, including services provided by agencies that are members of the Coalition Against Domestic Violence and Coalition Against Sexual Assault. Other grants supported services to survivors of homicide victims, victims of drunk driving crashes, and violent crime victims with special needs, such as those with disabilities and the elderly. See page 31 for a list of programs funded through VOCA in FY06.

Rural Domestic Violence and Child Victimization Enforcement Grants

Rural Domestic Violence and Child Victimization Enforcement Grants are designed to enhance services available to rural victims and children by encouraging community involvement in developing a coordinated response to domestic violence, dating violence, and child abuse.

A state is considered rural if it has a population of 52 or fewer persons per square mile or the largest county has less than 150,000 people. Non-rural states such as Illinois may apply on behalf of rural jurisdictions in their states.

Violent Offender Incarceration and Truth-in-Sentencing Grant Program

The Authority distributed grant funds to the following Violent Offender Incarceration and Truth-in-Sentencing programs between July 1, 2005, and June 30, 2006. Funds distributed during the fiscal year may differ from the total award received for each program.

Program	Agency	Federal funds distributed
Day reporting centers	Illinois Department of Corrections	\$4,500,000
Haymarket Project	Illinois Department of Corrections	\$450,000
Illinois Youth Center - Pere Marquette	Illinois Department of Corrections	\$39,580
Jail construction	Winnebago County	\$10,000
Sex offender transitional housing	Illinois Department of Corrections	\$400,000
Substance abuse and sex offender treatment	Illinois Department of Corrections	\$75,000

In Illinois, the Rural Domestic Violence and Child Victimization Enforcement grant program provides domestic violence victims and their children with safe housing while creating opportunities for them to develop the skills and resources necessary to become financially independent and live free from violence.

The program also was designed to help meet the service needs of victims in 16 rural Illinois counties: Clark, Coles, Cumberland, Douglas, Edgar, Gallatin, Hamilton, Hardin, Johnson, Lee, Moultrie, Pope, Saline, Shelby, White, and Whiteside. Together, these counties cover 7,430 square miles and a combined population of 334,239.

In FY06, \$258,109 was disbursed to three programs providing transitional housing and support services to victims of intimate partner violence and their children. They include Anna Bixby Women's Center, Housing Outreach, Prevention and Education (HOPE), and the YWCA of the Sauk Valley.

Violent Offender Incarceration and Truth-in-Sentencing Grant Program

The Violent Offender Incarceration and Truth-in-Sentencing (VOI-TIS) Grant Program provides funding to states to build or expand correctional and juvenile detention facilities and support community-based correctional options such as halfway houses, day reporting centers, community-based substance abuse centers, and aftercare services. States must comply with specific conditions to qualify for Truth-in-Sentencing grants, including implementing laws requiring those convicted of the most violent offenses to serve 85 percent of the sentence imposed. VOI-TIS allows

for 15 percent of the designation to be used for local jails and juvenile detention centers.

The Authority distributed \$5.5 million in VOI-TIS funding to six programs during FY06.

Anti-Drug Abuse Act grants

The Anti-Drug Abuse Act, also known as the Edward Byrne Memorial State and Local Law Enforcement Assistance Program, was designed to help states and local units of government carry out strategies to control drug abuse and violent crime. The Authority distributed ADAA grant funds to the following programs between July 1, 2005, and June 30, 2006. Federal funds distributed during the fiscal year may differ from the total award received for each program.

Program	Agency	Federal funds distributed
Community violence prevention	Illinois Violence Prevention Authority	\$111,115
Correctional initiatives	Illinois Department of Corrections	\$931,446
Crime prevention	Office of the Attorney General	\$5,800
Crimes against seniors	Illinois State Police	\$203,083
Criminal history records improvement	Adams County	\$18,900
Criminal history records improvement	Village of Albers	\$7,158
Criminal history records improvement	City of Aledo	\$10,935
Criminal history records improvement	City of Alton	\$16,087

Research and analysis

The Authority is responsible for conducting criminal justice research in Illinois, and its Research & Analysis (R&A) Unit handles the majority of the program and policy research efforts. The unit's primary mission is to identify and explore current or emerging criminal and juvenile justice issues that affect the Illinois justice system. The results are then made available to state, county, and local criminal justice decision-makers to assist them in their policy discussions and planning. R&A attempts to make timely and objective information available on key issues by emphasizing short-term projects that address narrow topics, so that important policy, program, and funding decisions are based on data and factual information rather than general perceptions. A number of research efforts were under way or concluded in state fiscal year 2006.

Projects to support drug, violent crime, and victim programs

The Authority continually collects, analyzes, and disseminates statistical information on the extent and nature of drug and violent crime, and the justice system's response. By working with various agencies responsible for initial data collection, staff have developed what is perhaps the most comprehensive repository of drug- and violent crime-related data in Illinois, as well as a unique and widely recognized expertise in data analysis and interpretation.

R&A encourages and supports community problem assessment and planning by making some of this data available on the Authority's website.

The unit also is responsible for a multifaceted evaluation initiative aimed at assessing the implementation and impact of drug and violent crime control programs in Illinois. Evaluation projects supported with federal funds are carried out in-house and through subcontracts with universities and private research firms.

Full evaluation reports are published on the Authority's website and on CD-ROM. These reports also are summarized in four-page briefs as part of the *Program Evaluation Summary* series.

R&A provides a variety of program development support to the Authority's Federal & State Grants Unit. Some of these activities are supported with a grant from the U.S. Department of Justice Bureau of Justice Assistance, VOCA, and VAWA. R&A also provides FSGU with research and evaluation support.

Information clearinghouse

The Authority serves as a statewide clearinghouse for statistics and other information about the criminal justice system. In FY06, the agency responded to 1,000 requests from people seeking information, an average of 83 per month. Most requests from information came from private citizens (37 percent) and government agencies (30 percent). Other request came from private agencies (17 percent), researchers (8 percent), students (6 percent), media representatives (1 percent), prison inmates (1 percent), and legislators and CHRI (less than 1 percent).

Forty percent of the requests originated in Chicago. Thirty-three percent originated in other parts of the state. All other requests for information were received from outside Illinois.

The Authority distributed 34,011 publications in FY06. Staff received 353 e-mail requests and 156 online orders for these publications during the fiscal year.

Authority website

The Authority's award-winning website, www.icjia.state.il.us, is a frequent destination of criminal justice professionals, educators, and members of the public. In addition to providing easy access to the latest criminal justice information, the site opens the door to the Authority's three major areas of operation: research, information systems, and federal and state grants. The number of unique visitors to the Authority's website in FY06 was 274,041, with an average of 1,920 users per day.

A wide variety of criminal justice related information is continually posted and archived on the site. Updated frequently, the site also offers access to a host of state and national criminal justice publications, including bulletins from the

FBI, U.S. Department of Justice, and National Criminal Justice Reference Service.

The Authority's CJ Dispatch automatically notifies registered users via e-mail twice monthly of the site's newest information. The e-mail contains direct links to new content. By the end of FY06, 2,120 users had subscribed to the dispatch, a 17 percent increase over FY05. Authority publications also are available for download from its website. The number of publications downloaded was 358,902 in FY06, an increase of 12 percent since FY05.

CJ DataNet

CJ DataNet, the Authority's web-based database application, allows site users to research broad issues facing the criminal justice system or simply examine crime trends in a specific Illinois county or regional area. Currently, criminal offense and arrest data from ISP Uniform Crime Reports are available from 1983 through 2004 on each Illinois county. Users can display statistical data in a variety of graphs and tables and are able to download data into a spreadsheet for further analysis.

Online training

The Authority also provides free, web-based training on a variety of criminal justice topics using the latest web-based technology. This technology is particularly useful in training victim service providers using the Authority's InfoNet database.

Criminal justice needs assessment

To assist in grant administration and planning, the Authority initiated a criminal justice needs assessment across Illinois. Surveys were distributed in September 2005 to about 1,700 criminal justice practitioners across the state, and included court clerks, detention center administrators, judges, police chiefs, probation, public defenders, state's attorneys, and victim service providers. The surveys were tailored to address specific issues being faced by the different sectors of the criminal justice community. A total of 602 questionnaires were returned for an overall response rate of nearly 40 percent.

Law enforcement professionals surveyed indicated that domestic violence, property crime, and juvenile crime are the most significant contributors to their workloads. They also noted a

Presentations

Presentations were made by R&A staff to a number of organizations and agencies, and at numerous conferences in FY06. They include:

- American Probation and Parole Winter Training Conference 2006
- Annual Midwest Criminal Justice Association Conference 2005
- Chicago Public Schools Peer Jury
- Chicago Police Department Peer Jury
- Gateway Foundation
- Governor's Community Safety & Re-entry Commission and Executive Working Group
- Illinois Balanced and Restorative Justice Initiative
- Illinois Department of Corrections
- Illinois Juvenile Officer's Association
- Jane Adams Substance Abuse Research Collaboration
- Justice Research and Statistics Association Annual Conference
- Midwestern Criminal Justice Association Annual Meeting
- Office of the Illinois Attorney General
- The Safer Foundation
- Substance Abuse Training and Information Network (SUSTAIN) Training Conference
- Treatment Alternatives for Safe Communities (TASC)

need for resources and training related to methamphetamine investigations.

Respondents from probation and court services noted that in addition to supervision duties, pre-sentence investigations and attending to clients that require mental health and substance abuse treatment comprise a significant portion of their workloads.

Domestic violence, juvenile crime, and drug cases comprised the bulk of the workload among responding public defenders and state's attorneys. Additional or more timely crime lab processing

Evaluation projects

The following research projects and evaluations were under way or concluded in FY06:

Project	Evaluator
Analysis of InfoNet Service Data for Domestic Violence	Loyola University Chicago
Redeploy - Peoria and St. Clair Counties	Southern Illinois University-Carbondale
Analysis of Probationer Risk Factors	Dr. Loretta Stalans
Analysis of the Illinois Crime Victimization Survey-Victim Characteristics and Reporting	Dr. Callie Rennison
Analysis Methamphetamine and Domestic Violence	Southern Illinois University-Carbondale
Cook County Transitional Services for Female Offenders	Southern Illinois University Carbondale
Lake County Transitional Services for Female Offenders	Loyola University Chicago
I-CLEAR	Northwestern University
Redeploy 2nd Circuit	Powered Performance
Redeploy Macon County	Powered Performance
Analysis of Datasets - Probationer Drug Abuse Treatment and Recidivism	University of Missouri - St. Louis
Analysis of Illinois Crime Victimization Survey Gender and Violent Crime	Dr. Callie Rennison
Analysis of Illinois Crime Victimization Survey Needs Assessment	Southern Illinois University-Carbondale
Returning Home	Orbis Partners
	Urban Institute

was noted as factor in the efficient movement of cases. Prosecutors, public defenders, and victim service providers suggested that drug treatment, employment opportunities, and youth prevention programs would reduce drug use and violence in their communities.

Many respondents also noted a need for resources to combat identity theft, more bilingual personnel or outlets for language translation, and increased availability and access to computerized information or information sharing systems.

While the survey results are still being analyzed, the responses have already become an integral part of the Authority's planning process.

Model Domestic Violence Protocol for Law Enforcement, Prosecution, and the Judiciary

In FY06, R&A staff coordinated an update of the 1996 Model Domestic Violence Protocol for Law Enforcement, Prosecution, and the Judiciary.

The 1996 Model Domestic Violence Protocol was written in recognition of the devastating effects of domestic violence on victims, most often women and children. The effects prompted changes in legislation, judicial philosophy, and social norms.

Recognizing that coordinated intervention by the justice system was a significant factor in reducing domestic violence, in 1993, the legislature created the Task Force on Domestic Violence Training and Curricula to develop model protocols and training curricula for law enforcement, prosecutors, and judges.

The 2006 Task Force on Domestic Violence Training and Curricula, comprised of members of the law enforcement, prosecution, victim service, and judiciary communities, met throughout the year to review and revise the document with the latest research findings, knowledge in the field, and related Illinois legislation.

Completion of the 2006 Model Domestic Violence Protocol is expected in spring 2007.

Sheridan Correctional Center Therapeutic Community program analysis

R&A staff continued a process and impact evaluation of the Sheridan Correctional Center's Therapeutic Community program throughout FY06. The Sheridan Correctional Center is the one of the largest prisons in the U.S. dedicated to the provision of substance abuse treatment and vocational programming. An evaluation summary published in May 2006 provided an overview of the prison and the program participants, as well as indications of reduced recidivism and increased employment for program participants versus a matched comparison group. Staff has continued to make progress in data analysis, data collection, research design, and preparation for numerous presentations to governmental boards, scholarly researchers and practitioners in the field.

Balanced and restorative justice initiatives

The Authority supported several balanced and restorative justice (BARJ) efforts during FY06. The Illinois Juvenile Court Act adopts the BARJ philosophy for juvenile delinquency cases. BARJ is guided by three principles: public safety, accountability, and competency development.

In October and November 2005, the Authority held six BARJ training sessions for juvenile justice practitioners in Illinois. Two sessions were held on each of the following BARJ practices: family group conferencing, peacemaking circles, and victim offender mediation. Each training was held in a northern and southern Illinois location and was convened over three or four days. Experienced BARJ professionals conducted the trainings. Planning also was initiated for more training events to be held in FY07.

Also in FY06, the Authority published five profession-specific guides to help juvenile justice personnel with implementation of BARJ.

These guides were written for law enforcement officers, prosecutors, defense attorneys, judges, and probation professionals. The guides offer strategies, programs, and practices that incorporate the principles of BARJ. Guides for corrections and detention professionals also were developed for publication in FY07.

Prisoner re-entry research

The Authority continued to research and evaluate offender re-entry efforts throughout the state in FY06.

The University of Chicago conducted an implementation and preliminary impact evaluation of the Illinois Going Home Program. The program is a major offender re-entry effort funded through a partnership of contributing federal agencies and in concert with a number of Chicago-area government, community, and faith-based organizations. This program is overseen by IDOC and provides intensive services and support for offenders released into Chicago's North Lawndale community. The one-year interim report identified a number of recommendations for increasing enrollment. A final report was completed and is available online.

Evaluation of evidence-based practices

In FY06, the Authority continued its work with the National Institute of Corrections to evaluate Illinois' Evidence-Based Practices Initiative. This project will assist local probation departments participating in the initiative with the provision of data and analysis that gauges performance before and during the implementation of evidence-based practices, and will establish a process and protocol for ongoing assessment of probation performance through an effective state and local partnership. Project completion is expected in FY08 with a final report to be made available in FY09.

Intimate partner violence research

The Chicago Women's Health Risk Study (CWHRS) project is a collaboration of Chicago medical, public health, and criminal justice agencies, and domestic violence experts to identify factors that indicate a significant danger of life-threatening injury or death in situations of intimate partner violence. By comparing data on abused women with similar data on people who

have been killed by an intimate partner, the project helps agencies identify and respond to potentially life-threatening intimate violence situations.

CWHRS was supported with grants from the National Institute of Justice, the Authority, and other agencies. The risk factors identified by the study have been distributed to service and health care providers and law enforcement officers. CWHRS continues to provide vital information to police, clinical staff, and other decision-makers in the field, identifying early warning signs to help practitioners intervene more effectively on behalf of women experiencing intimate partner violence.

CWHRS results are published in a variety of formats, aimed at practitioners and others who can make a difference in women's lives.

Homicide research

The Authority's continuing research on lethal violence serves as a foundation for developing effective intervention strategies. The cornerstone of this effort is the Chicago Homicide Dataset, one of the largest and most detailed ever collected in the U.S. In collaboration with the Chicago Police Department, the dataset contains information on every homicide reported in Chicago between 1965 and 2000. The dataset includes more than 27,000 homicides, with more than 200 variables for each case. The data, with individual identifiers removed, are archived in the National Archives of Criminal Justice Data, and are extensively used by policy planners and analysts from Illinois and other states.

Authority staff are partnering with several external researchers on specialized studies of these data, including arson and other fire-related homicide; the effect of partner age disparity on the risk of intimate partner homicide; patterns and trends in homicides of infants and young children; patterns and trends in homicides of the elderly, and homicide offenders under the age of 15.

Criminal history records research

The Authority established the Criminal History Records Audit Center in 1993 to improve the state's criminal history record information system (CHRI) and ensure compliance with federal mandates for criminal history records. Records

are used by criminal justice agencies throughout Illinois to identify and prosecute repeat offenders, as well as for research, employment, and professional licensing purposes. Record quality is examined through periodic audits of the computerized criminal history database maintained by Illinois State Police (ISP).

Many state and local criminal justice agencies use computer-based technology to report criminal justice information to ISP. These include livescan machines to capture fingerprints and arrest information, and automated court disposition reporting. During FY06, audit staff completed an audit of the accuracy, completeness and timeliness of electronic CHRI reporting, with a particular focus on sheriff's offices and state's attorney's offices. The audit determined that Illinois meets state and federal guidelines in terms of the timeliness of arrest reporting, and that electronic reporting has improved the accuracy of submissions. Various recommendations were made to ISP regarding improvements in user training and monitoring.

In collaboration with ISP, R&A staff also facilitates research utilizing criminal history records on behalf of several universities. The collaborative efforts range from acting as a liaison for data collection to providing technical assistance on the interpretation of CHRI data obtained.

Audit staff also supports the activities of the IJIS Implementation Board by providing technical assistance to committee and subcommittee members.

Sex offender research

Audit staff was awarded a \$17,000 grant to participate in a multi-state research project examining the recidivism of sex offenders released from prison, using state and federal criminal history record information. The grant is supported jointly by the U.S. Bureau of Justice Statistics National Criminal History Improvement funds and the Justice Research and Statistical Association. Illinois joins 10 other states in replicating research previously conducted by BJS in 2003.

Information systems

The Authority's Information Systems Unit (ISU) is charged with designing, developing, and operating advanced technology that can be used to help Illinois public safety agencies collect and share information. Affordable information systems were created by ISU to strengthen communication between agencies and help these agencies coordinate their efforts to reduce crime. Without the Authority's support, many smaller agencies could not have afforded the information systems on which they now rely.

In FY06, new legislation was passed to privatize the Authority's law enforcement information systems. Public Act 94-0896 provides for the creation of the Illinois Public Safety Agency Network (IPSAN) as a not-for-profit corporation to develop and operate comprehensive interoperable communications systems for law enforcement.

The Act authorizes IPSAN to succeed the Authority in the management, operation, and general oversight of law enforcement communications and information systems including the existing Area-wide Law Enforcement Radio Terminal System (ALERTS), Automated Law Enforcement Communications System (ALECS), and Police Information Management System (PIMS) networks.

Authority staff began working with IPSAN officials toward systems transition in FY06. IPSAN took official ownership of the systems in July 2006.

System support

During FY06, ISU provided technical support to agencies throughout Illinois that use information systems developed by the Authority, including PIMS, PIMSNet, ALERTS, ALERTSNet, and ALECS. More than 280 Illinois police agencies were served by these systems during the fiscal year.

Mobile data systems

ALERTS is an in-car computer terminal system for police. The system provides instant access to information in situations where each second counts. During traffic stops, officers can get

information about a car and its owner in a matter of seconds on their ALERTS terminals. Getting the same information from a police dispatcher over a two-way radio can take several minutes. In addition to promoting officer safety, ALERTS has proven effective at helping police recover stolen vehicles and arrest individuals wanted for crimes in Illinois and throughout the country.

The Authority developed, operated, and maintained the central computer hardware and telecommunications equipment for ALERTS and ALERTSNet, an updated version of the original system.

ALERTS and ALERTSNet served 241 agencies in FY06. Agencies obtain their own in-car terminals and paid the Authority a fee for system operation and maintenance. This arrangement allowed individual agencies to keep their costs down while gaining access to a reliable, cost-effective system. See page 42 for a list of agencies that used ALERTS and ALERTSNet in FY06.

Police records management systems

The first Police Information Management System module was installed in 1981 at the Joliet Police Department by the Illinois Law Enforcement Commission's Office of Criminal Justice Informa-

tion Systems. The system is the only records management system of its kind in Illinois, providing shared information to 40 law enforcement agencies. PIMSNet, an updated version of PIMS released in 2003, allows incident and case management and includes additional basic records modules such as animal control, animal licensing, booking and holding, citations, field interviews, and warrants.

Communication support systems

The Automated Law Enforcement Communications System (ALECS) provided a gateway system to participating law enforcement agencies that allows a connection between the Law Enforcement Agencies Data System (LEADS) and the ALERTS and ALERTSNet network. In addition, ALECS provides 911 and unit status displays, and other software for police communication centers that do not have computer-aided dispatch systems.

Clandestine Lab Reporting Information System

A new database under development by the Authority will help eliminate existing gaps in the drug information network that records the growing methamphetamine problem in the U.S.

With a \$50,000 federal grant, the Authority is creating the Clandestine Lab Reporting Information System (CLARIS), an online database that will allow all law enforcement agencies in Illinois to report meth lab seizures. When combined with Illinois State Police and federal El Paso Intelligence Center (EPIC) data, this comprehensive information-sharing network will help stem the proliferation and sale of methamphetamine by more accurately pinpointing the sources of its production.

CLARIS will supplement state and federal drug information banks that are already in place. While the Illinois State Police data collection system records lab seizures made by its multijurisdictional drug task forces and by other state police units, it excludes seizures made by local law enforcement agencies.

Access to the EPIC national network requires membership fees to be paid through a regional information sharing system for information, presenting a hardship for small police

departments. Another drawback to the present system is that the state police network's information is not completely assumed into the EPIC database. About 85 percent of Illinois methamphetamine lab seizure reports appeared in the EPIC's 2004 compilation.

InfoNet data collection

InfoNet is a state-of-the-art data system, nationally recognized for deploying the latest technologies to enhance data collection and reporting efforts for victim service providers while creating a unique set of victim service data. The Authority partnered with Illinois' Coalitions Against Sexual Assault and Domestic Violence to develop and implement the system for sexual assault and domestic violence centers in 2001. In 2004, the Authority collaborated with the Illinois Department of Human Services (IDHS) to make the system available to IDHS-funded domestic violence programs. In that same year, InfoNet was also made available to child advocacy centers across Illinois.

InfoNet is comprised of a central database that can be accessed with a web browser. Data are transmitted between users and the database via a private network that securely transfers information over the Internet. Service providers use InfoNet to collect case-level information about the clients they serve. All recorded victim data, including demographic characteristics, are kept confidential using a unique numerical identifier for each victim. A description of the person's victimization is captured, as well as the offender's profile and interactions with the criminal justice system. Agencies also enter services provided by staff, including client services, hotline contacts, and outreach efforts.

To facilitate data mining and analysis, InfoNet has a comprehensive set of reporting tools. Programs utilize report filters to analyze client populations, measure program effectiveness, and manage staff and client caseloads. InfoNet data are also shared with criminal justice agencies to advocate for improved responses to victims. In addition, state agencies responsible for coordinating crime victim services access timely and accurate information for policy and planning initiatives.

In FY06, 70 domestic violence programs, 38 sexual assault programs, and 16 child advocacy centers used InfoNet from 194 sites throughout Illinois.

Enhanced grants management system efforts

ISU and FSGU continued planning for implementation of a new in-house grant management information system in FY06. The Authority's grant administration needs have outgrown the agency's current system, which was first implemented in 1990.

The Pennsylvania Commission on Crime & Delinquency originally created the web-based system, called Egrants, with \$4.5 million in federal funding to meet the needs of the state of Pennsylvania. The Authority will receive that product and source code at no charge. Staff will then tailor the system to fit Illinois' fund planning and grant administration needs.

The new grant system will eliminate redundancies in the current system and allow users outside the agency to submit grant concepts, applications, reports, and other grant-related information online. The system also will allow for a paperless workflow, enforce business rules, and generate more accurate grant reports, while helping monitors track grant loads and status, and alerting them of upcoming grant-related events.
