## ABOUT

This conference will offer referrals, resources, and research to assist those suffering from opioid use disorders and who are justice involved.

Panels will share:

- Personal and professional experience with opioid use disorders and medication-assisted treatment.
- Practices to address opioid use disorders with justice-involved individuals.
- Medication-assisted treatment at each criminal justice intercept point.

Plus free, pre-conference, naloxone training.

## WHO SHOULD ATTEND

Police chiefs, officers, sheriffs, probation and court services staff, jail administrators and corrections staff, healthcare and behavioral health providers, students, and the public.
