Notice of Funding Opportunity Violence Prevention Planning and One-Time Supports

A. Program Description

The Illinois Criminal Justice Information Authority (ICJIA) is a state agency dedicated to improving the administration of criminal justice. ICJIA brings together key leaders from the justice system and the public to identify critical issues facing the criminal justice system in Illinois, and to propose and evaluate policies, programs, and legislation that address those issues. The statutory responsibilities of ICJIA fit into four areas: grants administration; research and analysis; policy and planning; and information systems and technology.

Section 7 of the Illinois Criminal Justice Information Act grants ICJIA authority “to apply for, receive, establish priorities for, allocate, disburse, and spend grants of funds that are made available by and received on or after January 1, 1983 from private sources or from the United States pursuant to the federal Crime Control Act of 1973, as amended, and similar federal legislation, and to enter into agreements with the United States government to further the purposes of this Act, or as may be required as a condition of obtaining federal funds” and “to receive, expend, and account for such funds of the State of Illinois as may be made available to further the purposes of this Act.” (20 ILCS 3930/7(k), (l))

ICJIA must comply with all applicable provisions of state and federal laws and regulations pertaining to nondiscrimination, sexual harassment and equal employment opportunity, including, but not limited to: The Illinois Human Rights Act (775 ILCS 5/1-101 et seq.), The Public Works Employment Discrimination Act (775 ILCS 10/1 et seq.), The United States Civil Rights Act of 1964 (as amended) (42 USC 2000a-and 2000H-6), Section 504 of the Rehabilitation Act of 1973 (29 USC 794), The Americans with Disabilities Act of 1990 (42 USC 12101 et seq.), and The Age Discrimination Act (42 USC 6101 et seq.).

1. Purpose

In state fiscal year 2020, \$12 million was appropriated to the Illinois Criminal Justice Information Authority (ICJIA) for Violence Prevention and Street Intervention grants and administration. \$8,366,326 is available under this solicitation to provide funding for violence prevention¹ planning grants for communities, as well as funding for one-time costs to support and/or enhance existing violence prevention programs across Illinois.

This Notice of Funding Opportunity (NOFO) offers two tracks: Track 1 is for violence prevention planning and Track 2 is for one-time supports for existing violence prevention programs. Applicants can apply to both tracks. If an applicant applies for both tracks, the applicant must submit a separate application, narrative, and budget for each proposal. The projected grant period will be January 1 to June 30, 2020.

For the purposes of this NOFO, the term *violence prevention* will include street intervention as it is an approach used with selected and indicated populations. These terms will be defined in the Background section below.

For Track Two, we employ a broad definition of “violence prevention program” which may consist of any programming that addresses the protective factors and/or risk factors for children, youth, adults, families and communities at risk for being harmed by, or using, violence. Activities may include early childhood, parent engagement, and afterschool and recreational programming that supports participants’ development of pro-social and conflict resolution skills. It may also include additional activities such as mentoring, tutoring, and group activities that support participants’ success in educational and social domains.

Future funding for grants to implement planned programming will be dependent upon funds availability and will require completion of a separate competitive NOFO process.

The geographic areas above reflect the language used to appropriate funds by geographic areas; however, applicants need not submit a proposal that provides services or benefits to the entire region.

Background

Individuals can experience various types of victimization in their homes, schools, and communities. These victimizations may include assault and battery; sexual assault; firearm violence; emotional, physical, psychological, or sexual abuse; neglect; bullying; dating and domestic violence or exposure to violence. Some experience multiple forms of victimization and exposure that contribute to more complex trauma symptoms. In 2017, there were 120,828 claims of child abuse and neglect (25 percent of which were indicated) and 7,743 claims of child sexual abuse (25 percent of which were indicated) reported to the Illinois Department of Children and Family Services.² In addition, 12,424 children and youth were served by Child Advocacy Centers.³

A total of 54,771 reports of violent index crimes, including 984 murders and 5,330 sexual assaults,⁴ and 115,362 domestic offenses were made to Illinois law enforcement.⁵ Additionally, in a 2017 Center for Disease Control national study, 21 percent of Illinois high school students stated they were bullied on school property and 17 percent said they were electronically bullied.⁶ Finally, 16,507 reports of abuse, neglect, and financial exploitation were received by Illinois' Adult Protective Services program, including 2,971 reports involving adults between the ages of 18 and 59 with a disability. Most were living at home or with a relative.⁷

⁵ Illinois Criminal Justice Information Authority analysis of Illinois State Police 2017 Uniform Crime Report, Supplemental Domestic Offenses data. Data on specific types of victimization children and youth are exposed to in Illinois are limited. Data collected through the Illinois Uniform Crime Report program entails police agencies reporting aggregate crime data to the State Police on a monthly or quarterly basis. The aggregate data are not reported in a manner that would allow for analysis by victim age or other characteristics. Thus, while not all of these incidents involved children and youth direct or indirect victimization, they do illustrate the extent to which violent crime is occurring in Illinois.

The volume of violent incidents, however, does not speak to the profound impact both direct and indirect exposure to victimization can have on individuals, families, and communities. Victimization experiences can cause post-traumatic stress disorder, depression, and anxiety,⁸ negatively impact healthy development and decrease academic achievement,⁹ and increase future victimization risk.¹⁰ These experiences inform the ability to interact with others and may be passed on to subsequent generations through both environmental and possibly genetic pathways¹¹.

Research also has demonstrated that people living in communities with high rates of violence retreat from public spaces for their own safety, which may lead to reduced supports and opportunities for positive social-emotional development.¹² Additionally, public spaces in these communities are often neglected, which can leave residents feeling unsafe. This negative cycle can be partially reversed by an even modest reinvestment in public spaces.¹³ A 2016 research analysis of violence prevention efforts in Flint, Michigan, found “community interventions that focus on person-environment interactions, but that also include pathways to community and youth empowerment can be successful at reducing youth violence.”¹⁴ For more information, see the Prevention Institute’s collection of resources on the built environment and violence prevention.¹⁵

Victimization can occur throughout a person’s life, and the type, frequency, and impact can vary depending on their stage of lifespan development. Research indicates that young persons are at heightened risk for violent victimization, particularly during key developmental “turning points” (e.g., adolescence, young adulthood).¹⁶ Moreover, over the past decade, a consensus has emerged that cognitive and social development is still occurring at a rapid pace for individuals in their early 20s. Trauma resulting from victimization can

interrupt or alter ongoing developmental processes demonstrating that emerging adults impacted by violence could benefit from additional supports.¹⁷

Given the prevalence and impact, a full range of responses have been developed. First responders intervene in the immediate aftermath of violent events, medical professionals attend to the physical consequences of violence, and criminal justice and mental health professionals address the various impacts of that violence. Violence prevention practitioners have developed and advocated for using a public health, four-step approach to addressing this issue¹⁸ to identify prevention strategies that address the origins of violence. Step 1 involves identifying the problem through data collection and assessment such as statistics, surveys, community-based focus groups and other methods. Step 2 involves understanding the reasons behind the various types of violence, called risk factors, as well as positive supports, called protective factors. Both risk and protective factors exist at the individual, family, community and societal levels. Step 3 involves developing and testing various strategies, which in the past has led to catalogues such as Blueprints for Healthy Youth Development¹⁹ and other resources that compile and share best practices. Step 4 involves implementing and continually assessing the usefulness of specific violence prevention and intervention strategies. The U.S. Centers for Disease Control (CDC) provides an-online training to better understand the public health approach.²⁰

Violence prevention can be understood in terms of when violence occurs and by the population it addresses, as outlined in the U.S. CDC's [Veto Violence](#) web resource.²¹ The universal approach focuses on a population without knowing its risks and would take place before violence occurs. The selected approach focuses on individuals or groups that have identified risk factors and can be implemented before or immediately after violence occurs. Finally, the indicated approach focuses on those who have used or been impacted by violence and interventions would be implemented immediately after and/or in an ongoing manner.

These approaches are then implemented at the individual, family, community and societal levels. See the [CDC's STRYVE Foundational Resource](#) for examples of prevention strategies at the individual, relationship, community and societal levels.²²

A key element of all strong violence prevention efforts is multi-sector coordination during planning and implementation. Violence is not an issue that one system such as education or law enforcement can exclusively address. Through a multi-sector collaboration, the

perspectives of all systems including community residents can be brought to the table to develop shared vision and build relationships. The Prevention Institute’s Collaboration Multiplier Guide provides direction on this essential step in developing a violence prevention plan.²³

[The Prevention Institute’s UNITY RoadMap](#) tutorial is one tool that helps communities 1) “understand the current status of their efforts as a starting point, 2) describes the core elements necessary to prevent violence before it occurs, and 3) provides information, resources, and examples to support cities in planning, implementation, and evaluation.” Much of the Program Design identified in Track 1 of this NOFO is adapted from this tutorial.

Lastly, it is important to emphasize the interconnectedness of all forms of violence. Many forms of violence share root causes, or risk factors, as well as shared protective factors. For example, both domestic and community violence have been found to be rooted in harmful norms regarding masculinity and femininity.²⁴ To address this, advocates from both fields could collaborate to develop a universal prevention campaign that promotes healthy relationships, implements selected prevention approaches with at risk young people to learn and practice solving conflicts non-violently and finally an indicated approach could hold community violence program participants’ accountable if they are disrespectful of the women in their lives.

In a recent research article outlining a framework for community violence prevention, Abt suggests that “policymakers cannot afford to focus on only one type of violence to the exclusion of all others. Community violence prevention practitioners should therefore meet semi-regularly with their colleagues working to prevent other forms of violence, maintaining situational awareness and seizing opportunities to collaborate when possible.”²⁵ The Prevention Institute’s 2014 publication entitled *Connecting the Dots* provides an accessible overview of risk and protective factors as well as outlining how these risk and protective factors are shared across multiple forms of violence.²⁶

It is highly recommended that potential applicants review the citations included in this solicitation.

Successful violence prevention planning will include active, multi-sector partnerships that support the identification of data-driven strategies to address specific risk factors for violence in the community. The purpose of a violence prevention plan is multifaceted, but, in summary, the plan will facilitate the engagement of many sectors including community residents; require the development of a unified vision and approach; utilize data to understand the community’s violence related issues; and create concrete goals, objectives and performance measures to track progress. The resulting violence prevention plan should help the community prioritize violence prevention programming and funding. The plan may also be used to apply for any appropriate funding source, and therefore, it should not be developed for any specific funding source. The plan must include individual, family, and community strategies for addressing at least two forms of violence²⁷ at each of the three levels: universal, selected and indicated. The required elements of the planning process are detailed below.

A. Partnership

- a. High-level leadership: The planning group must include representation from an elected official’s office with the ability to engage many governmental agencies.
- b. Cross system representatives: The planning group representatives must cover, at minimum, one representative from each of the following: representative from elected officials’ office, senior official from public health, senior official from police/sheriff, senior official from human services, educational institutions; victim serving organizations; child/youth serving organizations; grassroots and faith based groups; individuals with lived experience of violence; and community residents (if not already represented in other sectors). Possible additional sectors to include are community businesses and other law enforcement agencies such as state’s attorney’s, parole, and probation offices
- c. Collaboration: An essential initial task is developing a shared vision, mission and language.
- d. Community engagement: The proposal must minimally include community resident engagement in the cross system group meetings and community forums.
- e. Staffing: The proposal must include sufficient staff allocated to accomplish the plan. It can include contractual employees or consultants with expertise in the planning processes.

B. Information Gathering

- a. Data collection on violence: quantitative and qualitative
- b. Gap analysis of current violence prevention programming: describes the difference between what is currently being done in violence prevention and what is desired to be done.
- c. Community forums: two or more events in the community to share information on the planning process and gather public feedback and comment

C. Develop the Plan

- a. Cross system group listens to results of information gathering; agrees upon the forms of violence to be addressed

²⁷ Examples of “types of violence” include, but are not limited to: Bullying, Child Abuse, Dating and/or Domestic Violence, Gun/Street Violence, Suicide, and Sexual Violence.

- b. Cross system group develops concrete violence prevention goals and recommendations relevant to the problems and identifies viable strategies and indicators of success (such as action steps) based on past research evidence and the data collected during information gathering.
- c. Produce a completed plan that includes individual, family, and community strategies for addressing at least two forms of violence (e.g. domestic violence and gun/street violence), at each of the three levels: universal, selected and indicated.

ICJIA will develop and give grantees a required template to complete and submit with their final prevention plan for our internal review process. However, grantees can also present their final plans in a polished, visually appealing manner. For example: [Alameda County](#) developed a comprehensive violence prevention plan as did [the City of Milwaukee](#). It is recommended that completed plans are published and shared with the community.

Track 2: One-time Supports for Existing Violence Prevention Programming

Applicants may submit a request for one-time supports for existing violence prevention programming that will enhance or expand the current program environment.

For the purposes of this solicitation, we employ a broad definition of “violence prevention program” which may consist of any programming that addresses the protective factors and/or risk factors for children, youth, adults, families and communities at risk for being harmed by, or using, violence. Activities may include early childhood, parent engagement, afterschool and recreational programming that supports participants’ development of pro-social and conflict resolution skills. It may also include additional activities such as mentoring, tutoring, and group activities that support participants’ success in educational and social domains.

Using the above definition for context, some examples of allowable projects could include:

- New or replacement of playground or recreational equipment used by a violence prevention program.
- Purchase of musical instruments for an established music enrichment program for population at risk for being harmed by, or using, violence.
- Design and creation of a mural by a teen group to make an unsafe walking area feel more welcoming and safer.
- Increasing lighting and/or security cameras in areas to promote visibility and enhance safety.
- Design, purchase and implementation of community garden project by a youth serving organization that demonstrates their geographic area experiences high rates of violence, or that their participants experience high rates of violence.
- Design and printing of self-help guide for youth survivors of sexual violence.
- Purchase of needed furniture, computers and/or developmentally appropriate toys for an early childhood or afterschool program that demonstrates their geographic area experiences high rates of violence, or that their participants experience high rates of violence.

Requested funds must be pro-rated if the item(s) will also be used for other programming provided by the applicant entity. Also, it is important to note new construction is not allowed. This also includes eliminating and/or building inhabitable structures. Therefore, breaking ground on a vacant lot to install a playground is allowed but knocking down part of a building to make room for a playground is not.

3. Program Requirements

Track 1: Violence Prevention Planning

- Develop and maintain an active, multi-sector program planning group. Selected applicants will be required to report on the number of meetings held, number of members in attendance, and what sectors they represent.
- Create a comprehensive violent prevention plan, created through a collaborative process, that recommends specific strategies and action steps. The plan includes the required elements as outlined in the Program Design section above. Selected applicants will be required to report on ALL of the elements.
- Allocate sufficient staff to accomplish the plan, including contractual employees or consultants with expertise in planning processes.
- Submit quarterly program and monthly fiscal reports to ICJIA.
- Submit violence prevention plan using the ICJIA required template in close out report due July 31, 2020.

Track 2: One-time Supports for Existing Violence Prevention Programming

- Comply with any procurement rules (See Section D: Application and Submission Information, funding restrictions for details)
- Purchase and install approved one-time support items by May 31, 2020
- Certify that the purchased items will be utilized for violence prevention activities described in your proposal through June 30, 2021.

4. Evidence-Based Programs or Practices

Applicants are strongly urged to incorporate research-based best practices into their program design, when appropriate. Applicants should identify the evidence-based practice being proposed for implementation, identify and discuss the evidence that shows that the practice is effective, discuss the population(s) for which this practice has been shown to be effective, and show that this practice is appropriate for the proposed target population.

5. Goals, Objectives, and Performance Metrics

Funded programs will be required to submit quarterly progress reports that will minimally include the following information based on the objectives the applicant agencies propose in their response to this solicitation.

Track 1: Violence Prevention Planning

Goal: To create a comprehensive violent prevention plan, created through a collaborative process, that recommends specific strategies and action steps.	
Process Objectives	Performance Measures
Form a planning group that includes <i>at least one representative from each of the following sectors:</i> 1) elected officials’ office 2) public health; 3) police/sheriff; 4) human services; 5) educational institutions; 5) victim service organizations; 6) child/youth serving organizations; 7) grassroots and faith-based groups; 8) people with lived experiences; and 9) community residents, if not represented in the other sectors	# of unique sectors represented in attendance sheets
At least one representative from each required sector attends at least 50% of planning group meetings.	# of required sectors that attended at least 50% of planning group meetings
Conduct _____ meetings with the planning group	# of meetings conducted with the planning group
Conduct _____ qualitative data collection activities (e.g., focus groups, systematic written observations, open-ended questions in a survey, interviews).	# of qualitative data collection activities conducted
Conduct _____ quantitative data collection activities (frequencies/counts, descriptive statistics, close-ended questions in a survey, interviews).	# of quantitative data collection activities conducted
Complete <i>at least one</i> gap analysis of current VP Programming and discuss it the planning group	# of gap analyses discussed with planning group members
Conduct <i>at least two</i> community forums to collect information and inform the plan	# of community forums conducted to collect information and inform the plan
Outcome Objectives	Performance Measures
The final prevention plan targets <i>at least two</i> forms of violence at each of the following levels: universal, selected, <i>AND</i> indicated	# of forms of violence targeted by the prevention plan at each of the following levels: universal, selected, <i>AND</i> indicated
The final prevention plan includes recommendations and actions steps to achieve recommendations	# of recommendations # of action steps
Final prevention plan is completed and submitted.	Plan and ICJIA template are completed and submitted in close out report.

Track Two: One-time Supports for Existing Violence Prevention Programming

Goal: To support existing violence prevention programs through one-time purchases that enhance the program.	
Outcome Objectives	Performance Measures
Procure item(s) by May 31, 2020 to support violence prevention programming.	Date item(s) is/are procured
If applicable, install item(s) by May 31, 2020.	Date item(s) is/are installed
Begin using item(s) in current violence prevention programming by June 1, 2020.	Date item(s) is/are utilized.

Suburban Cook, DuPage, Kane, Lake, McHenry and Will Counties	\$50,000 - \$200,000	\$25,000 - \$1,000,000
Balance of the state	\$25,000 - \$200,000	\$25,000 - \$1,000,000

The geographic areas above reflect the language used to appropriate funds by geographic areas; however, applicants need not submit a proposal that provides services or benefits to the entire region.

Applications must include an Implementation Schedule that describes how the program activities will be carried out. The Implementation Schedule must include information that will allow ICJIA to assess grant activity relative to planned project performance.

C. Eligibility Information

An entity may not apply for a grant until the entity has registered and pre-qualified through the Grant Accountability and Transparency Act (GATA) Grantee Portal, www.grants.illinois.gov/portal. Registration and pre-qualification are required each state fiscal year. During pre-qualification, verifications are performed including a check of federal SAM.gov Exclusion List and status on the Illinois Stop Payment List. The Grantee Portal alerts the entity of “qualified” status or informs how to remediate a negative verification (e.g., inactive DUNS, not in good standing with the Secretary of State). Inclusion on the SAM.gov Exclusion List cannot be remediated.

Applicants are also required to submit a financial and administrative risk assessment utilizing an Internal Controls Questionnaire (ICQ) for state fiscal year 2020 and obtain approval from their cognizant agencies before execution of the grant agreement. Delay in obtaining SFY20 ICQ approval will result in a delay in grant execution.

1. Eligible Applicants: Non-profits or governmental entities of the proposed community. Under Track One, ICJIA intends to only fund one entity for a given geographic area. Applicants are strongly encouraged to collaborate. See Background Section for more information on multi-sector collaborations.

2. Cost Sharing or Matching: Not Applicable

3. Indirect Cost Rate: In order to charge indirect costs to a grant, the applicant organization must have an annually negotiated indirect cost rate agreement (NICRA). There are three types of NICRAs:

(a) Federally Negotiated Rate. Organizations that receive direct federal funding, may have an indirect cost rate that was negotiated with the Federal Cognizant Agency. Illinois will accept the federally negotiated rate. The organization must provide a copy of the federal NICRA letter at time of application.

(b) State Negotiated Rate. The organization may negotiate an indirect cost rate with the State of Illinois if they do not have a Federally Negotiated Rate. If an organization has not previously established an indirect cost rate, an indirect cost rate proposal must be submitted through the State of Illinois' centralized indirect cost rate system no later than three months after receipt of a Notice of State Award (NOSA). If an organization previously established an indirect cost rate, the organization must annually submit a new indirect cost proposal through CARS within the earlier of: six (6) months after the close of the grantee's fiscal year; and three (3) months of the notice of award.

(c) De Minimis Rate. An organization that has never negotiated an indirect cost rate with the Federal Government or the State of Illinois is eligible to elect a *de minimis* rate of 10% of modified total direct cost (MTDC). Once established, the *de minimis* Rate may be used indefinitely. The State of Illinois must verify the calculation of the MTDC annually in order to accept the *de minimis* rate.

All grantees must complete an indirect cost rate negotiation or elect the *de minimis* rate to claim indirect costs. Indirect costs claimed without a negotiated rate or a *de minimis* rate election on record in the State of Illinois' centralized indirect cost rate system may be subject to disallowance. It is the organization's responsibility to ensure that any indirect cost rate utilized is properly registered in the GATA Portal. Failure to register the rate properly may restrict an organization from charging indirect costs to a grant.

Grantees have discretion and can elect to waive payment for indirect costs. Grantees that elect to waive payments for indirect costs cannot be reimbursed for indirect costs. The organization must record an election to "Waive Indirect Costs" into the State of Illinois' centralized indirect cost rate system.

D. Application and Submission Information

1. Address to Request Application Package

Applications must be obtained at <https://gata.icjia.cloud/> by clicking on the link titled “Violence Prevention Planning and One-Time Supports.” Paper copies of the application materials may be requested from Reshma Desai by: calling 312.793.7057; mailing a request to 300 West Adams Street, Suite 200, Chicago, Illinois 60606; or via Telephone Device for the Deaf (TDD) (312)793-4170. Applications, however, may only be submitted via email.

2. Content and Form of Application Submission

(a). Notice of Intent.

Agencies interested in applying are strongly encouraged to complete an online Notice of Intent form by 11:59 p.m. on October 24, 2019. Submission of a Notice of Intent is nonbinding and will be used for internal planning purposes only. Upon receipt of a Notice of Intent, ICJIA will offer technical assistance to agencies which have not yet demonstrated GATA compliance.

Failure to submit a Notice of Intent by the deadline above may result in an agency not receiving technical assistance with respect to GATA compliance, therefore risking grant ineligibility.

The online Notice of Intent is available at:

https://icjia.az1.qualtrics.com/jfe/form/SV_d7jZxiISYU9wkl

(b). Forms and Formatting.

The application must be emailed to CJA.StateViolencePrevention@Illinois.gov. The applicant agency name should appear in the Subject line of the email. Each document attached to the email must be submitted in the manner and method described below. **Applications will be rejected if any documents are missing or if any of the program narrative formatting is not followed.** The applicant is responsible for ensuring that documents adhere to the instructions provided.

Applicants can apply to both tracks. If an applicant applies for both tracks, the applicant must submit a separate application, narrative, and budget for each proposal.

The following materials MUST be submitted by all applicants. The applicant must submit the documents based on the instructions provided below.				
Document	Document Name	PDF	Word	Excel
Uniform Application for State Grant Assistance – This form must	“Agency Name – Application”	X	X	

be completed, signed, and scanned (PDF), and provide a Word file as well				
Program Narrative – This document must meet the requirements outline in Section A. The narrative must be provided in this document. Do not change the format of this document.	<i>“Agency Name – Program Narrative”</i>		X	
Budget/Budget Narrative – This document is a workbook, with several pages (tabs). The last tab has instructions if clarification is needed.	<i>“Agency Name – Budget”</i>			X
Letters of Commitment from all minimum members listed in the Program Design Section.	<i>“Agency Name-LOC”</i>	X		
Non-Profit Agency Required Documents				
United States Internal Revenue Service 501(c)(3) determination letter.		X		

Applications will be rejected if any documents are missing or if any of the program narrative formatting is not followed.

(c). Application Formatting

Track 1: Violence Prevention Planning

Program Narratives may not exceed 15 pages, double spaced, 1” margins and must written in Times New Roman, size 12 font. Do not delete template questions in your response. Applications must include letters of commitment from the minimum members outlined in the Program Design section of this NOFO.

Track 2: One-time Supports for Existing Violence Prevention Programming

Program Narratives may not exceed 10 pages, double spaced, 1” margins and must written in Times New Roman, size 12 font. Do not delete template questions in your response.

3. Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM) Each applicant (unless the applicant is an individual or federal or state awarding agency that is exempt from those requirements under 2 CFR § 25.110(b) or (c), or has an exception approved by the federal or state awarding agency under 2 CFR § 25.110(d)) is required to:

- (a). Be registered in SAM before submitting its application. To establish a SAM registration, go to www.SAM.gov and/or utilize this instructional link: How to Register in SAM from the www.grants.illinois.gov Resource Links tab.
- (b). Provide a valid DUNS number in its application. To obtain a DUNS number, visit from Dun and Bradstreet, Inc., online at www.dunandbradstreet.com or call 1-866-705- 5711.; and
- (c). Continue to maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by a federal or state awarding agency. ICJIA may not make a federal pass-through or state award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements and, if an applicant has not fully complied with the requirements by the time ICJIA is ready to make an award, ICJIA may determine that the applicant is not qualified to receive an award, and may use that determination as a basis for making a federal pass-through or state award to another applicant.

4. Submission Dates, Times, and Method

(a). All required application materials must be emailed to CJA.StateViolencePrevention@Illinois.gov by 11:59 p.m. on October 31, 2019, to be considered for funding. Proposals will not be accepted by mail, fax, or in-person. Incomplete applications or those sent to another email address will not be reviewed. Late submissions will not be reviewed.

(b). Applicants are encouraged to submit their applications 72 hours in advance of the deadline. Technical difficulties experienced at any point during the process should be reported immediately to ICJIA by calling Reshma Desai at 312.793.7057 or emailing CJA.StateViolencePrevention@Illinois.gov.

Applicants will receive an automatic reply to their email submission. Applicants that do not receive an automatic reply to their submission email should immediately contact Reshma Desai at 312.793.7057 or CJA.StateViolencePrevention@Illinois.gov.

5. Application Questions

Questions may be submitted via email at CJA.StateViolencePrevention@Illinois.gov. The deadline for submitted questions is 11:59 p.m. on October 24, 2019. All

substantive questions and responses will be posted on the ICJIA website at <https://gata.icjia.cloud/>. Due to the competitive nature of this solicitation, applicant may not discuss the opportunity directly with any ICJIA employee other than the respondent of this email address.

6. *Funding Restrictions*

(a). Federal Financial Guide Applicants must follow the current edition of the Department of Justice Grants Financial Guide which details allowable and unallowable costs. This guide is available at: https://ojp.gov/financialguide/doj/pdfs/DOJ_FinancialGuide.pdf. Costs may be determined to be unallowable even if not expressly prohibited in the Federal Financial Guide.

(b). Prohibited Uses The following is a non-exhaustive list of services, activities, goods, and other costs that cannot be supported through this NOFO:

- Land acquisition
- New construction (new construction includes eliminating and/or building structures. Therefore, breaking ground on a vacant lot or laying a foundation to install a playground is allowed but knocking down part of a building to make room for a playground is not.)
- A renovation, lease, or any other proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size
- Minor renovation or remodeling of a property either (a) listed or eligible for listing on the National Register of Historic Places or (b) located within a 100-year flood plain
- Implementation of a new program involving the use of chemicals
- Capital expenditures
- Fundraising activities
- Most food and beverage costs
- Lobbying
- Vehicles, including purchasing and leasing

(c). Allowable expenses All expenses must reasonable, necessary, and allocable to the program. The following is a non-exhaustive list of services, activities, goods, and other costs that can be supported through this NOFO:

Track 1: Violence Prevention Planning

- Staff to accomplish the plan and can include contractual employees or consultants with expertise in planning processes
- Incentives for community residents to participate in data collection and/or focus groups (Incentive rate ranges; Minimum wage up to \$25.00/hour)
- Essential travel

Track 2: One-time Supports for Existing Violence Prevention Programming

These are examples of allowable costs that, in addition to being reasonable, necessary, and allocable, they are also integral to an existing violence prevention program in a community that experiences high rates of violence, or is being used by program participants that experience high rates of violence.

- Playground or recreational equipment
- Musical instruments
- Recreational supplies
- Lighting and/or security cameras
- Design and printing of materials
- Furniture, computers and/or developmentally appropriate tools
- Design and installation costs

Requested funds must be pro-rated if the item(s) will also be used for other programming provided by the applicant entity.

(d). Pre-Award Costs **No costs incurred before the start date of the grant agreement may be charged to awards resulting from this funding opportunity.**

(e). Pre-approvals Prior approvals may affect project timelines. In efforts to ensure the reasonableness, necessity and allowability of proposed uses of funds, ICJIA may require prior approval of the following, among other things:

- Out-of-state travel
- Certain Requests for Proposals and sub-contracts
- Conference, meeting, and training costs for grant recipients

Submission of materials for ICJIA approval should be incorporated into the application Implementation Schedules.

(f). State Travel Guidelines travel costs charged to ICJIA must conform to State Travel Guidelines, found here:

<https://www2.illinois.gov/cms/Employees/travel/Pages/TravelReimbursement.aspx>. Out-of-state hotel rates are based on the General Service Administration (GSA) guidelines found here: <https://www.gsa.gov/travel/plan-book/per-diem-rates>. Applicant agencies with lower cost travel guidelines than the State of Illinois must use those lower rates.

(g). Supplanting. Grantee certifies that grant and match funds made available under this Agreement will not be used to supplant/replace local or other governmental funds that have been appropriated for the same purpose. Grant funds must be used to supplement existing funds for program activities that would otherwise be made available to Grantee.

For purposes of this section, “appropriated” means funds from a non-state, non-federal governmental entity where Grantee is the named, listed, or intended recipient in a budget.

(h) Proposed Subawards and Subcontracts Applicants may propose to enter into subawards or subcontracts under this award, each of which involve different rules and applicant responsibilities. A subaward carries out a portion of the grant agreement while a contract is often for obtaining goods and services for the grantee's own use. (44 Ill. Admin Code 7000.240). If a third party will provide some of the essential services, or develop or modify a product, that the applicant has committed to provide or produce, ICJIA may consider the agreement with the third party a subaward for purposes of grant administration.

Applicants must classify each expense in the contractual budget as a subaward or subcontract. The substance of the agreement, not the title or structure of the agreement, will determine whether it is a subaward of a subcontract. Applicants are advised to use the “Checklist for Contractor/Subrecipient Determinations” available at the GATA Resource Library for guidance:

<https://www.illinois.gov/sites/gata/pages/resourcelibrary.aspx>.

Applicants are required to justify their use of subawards and explain their capacity to serve as “pass-through” entities in the program narrative. Applicants will monitor subaward compliance with grant terms, applicable federal and state law including the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award, 2 C.F.R. Part 200, the Grant Accountability and Transparency Act, 44 Ill. Admin. Code 7000, and ICJIA policies. Proposed subawards must be identified, if possible, and their roles described in both the program and budget narratives.

For procurement contracts, applicants are encouraged to promote free and open competition in awarding contracts. All subcontracts must comply with federal and state requirements as well as the ICJIA Subcontract Policy. Some agreements may be entered into through a “sole source” process, however, other agreements must be competitively bid through a “Request for Proposal” process.

ICJIA will make the final determination whether a proposed agreement constitutes a subaward or a subcontract. ICJIA’s determination is final and not subject to appeal.

Procurement Requirements

All procurement transactions shall be conducted by Applicants in a manner to provide, to the maximum extent practical, open and free competition. Applicant must use procurement procedures that minimally adhere to all applicable laws, executive orders and federal guidelines. Applicant shall also adhere, and assure that its contractors and subcontractors adhere, to all applicable certification and disclosure requirements of the Illinois Procurement Code.

Applicant shall follow its established procurement process if it minimally adheres to applicable federal and state guidelines, and the following requirements. If Applicant’s established procurement process is less competitive than the following requirements, the

following more competitive requirements must be adhered to in lieu of Applicant's procurement process.

- For procurements of \$100,000 or less, Applicant must solicit quotes or bids from at least three sources.
- For procurements over \$100,000, Applicant must formally advertise the proposed procurement through an Invitation for Bids (IFB), or a Request for Proposals (RFP) process.

All procurements over \$2,000, must be submitted by Applicant to Grantor for review and written approval prior to their issuance. In addition, Grantor reserves the right to request that any RFP or IFB, regardless of its dollar amount, be submitted to Grantor for review and approval prior to its issuance. In addition, Applicant shall notify and submit for approval to Grantor any other relevant procurement documents including but not limited to Request for Information (RFI).

As required by Grantor, Applicant shall submit documentation regarding its procurement procedures and grant-funded purchases for Grantor review and approval, to assure adherence to applicable federal and state guidelines.

If Grantor allows a sole source procurement, Applicant must submit documentation to justify the sole source procurement as required by Grantor's policy, procedures, and guidelines. Applicant may not enter into a sole source procurement without Grantor's written approval.

7. Requirement Prior to Submitting the Application.

Applicant Technical Assistance Recording. Applicants are advised to view the following mandatory technical assistance recordings prior to application submission. All recordings are located on the ICJIA website at <https://gata.icjia.cloud/>:

- [NOFO General Requirements](#)
- [GATA Compliance](#)
- [Indirect Costs](#)

The Violence Prevention and One Time Support technical assistance recording will be available for viewing beginning October 2, 2019.

E. Application Review Information

1. Criteria. Application materials must address all components of this NOFO and demonstrate both a need for the program and an ability to successfully implement the program. Evaluation criteria must include at a minimum the following criteria categories:

- Need – identification of stakeholders, facts and evidence that demonstrate the proposal supports the grant program purpose.
- Capacity – the ability of an entity to execute the grant project according to project requirements
- Quality – the totality of features and characteristics of a service, project or product that indicated its ability to satisfy the requirements of the grant program
- Other such as societal impact, economic impact, cost effectiveness, sustainability, and grant specific criteria.

Reviewers will score applications based on completeness, clear and detailed responses to program narrative questions, and inclusion of all mandatory program elements as well as consideration of past performance history and/or financial standing with ICJIA. The applicant must demonstrate that costs are reasonable, necessary, and allowable.

The total number of points available is 100. A minimum score of 60 is required to be recommended for funding.

Track 1: Violence Prevention Planning

Scoring Criteria		Possible Points
Statement of the Problem:		18
Section thoroughly describes the geographic areas to be included in the violence prevention plan. At a minimum, the county(ies) must be listed. If the entire county is not being served, list the towns/cities is/are being proposed. If the entire town/city is/are not being proposed, list the neighborhood(s).		6
Section thoroughly describes the extent and types of violence children, youth, adults, and families experience in this geographic area.		6
Section thoroughly describes additional factors that contribute to the problem this application seeks to address.		6
Agency Capacity:		20
Section thoroughly describes agency’s experience in planning processes. Include specific examples with timeframe, successes, challenges and lessons learned.		7
Section thoroughly describes agency’s experience collaborating with other agencies and systems on projects that improved the lives of children, youth, adults or families. Include the membership, projects’ timeframe, successes, challenges, and lessons learned.		7
Section thoroughly describes agency’s ability to manage grants. Include current annual budget		6

If the budget includes proposed subawards, applicant adequately answered the required question.		Not Scored
Project Implementation and Management:		42
Section thoroughly describes steps taken to engage high-level leadership and cross system representatives as outlined in the NOFO, Program Design section. If known, listed anticipated members.		7
Section thoroughly describes the proposed process to develop a shared vision, mission and language for the violence prevention plan. Number and type of meetings and how sector representation and engagement will be managed is thoroughly described.		7
Section thoroughly describes how community members will be engaged throughout the planning process. Response specified demographic groups and neighborhoods if applicable. Number of events/activities and proposed methods to engage community members is thoroughly described.		7
Section thoroughly describes the positions included in the proposed planning process, including the qualifications necessary and reporting structure.		7
Section thoroughly describes proposed data collection and analysis methods. Number and type of collection and analysis methods are thoroughly described.		7
Section thoroughly describes the proposed process for drafting and seeking feedback on the plan. Number of meetings and how additional input will be gathered and incorporated is thoroughly described.		7
Goals, Objectives, Performance Indicators and Implementation Schedule:		10
Section includes reasonable objectives		5
Section includes a detailed implementation scheduled.		5
Budget Detail:		5
Budget is complete.		
Budgeted items are cost-effective in relation to the proposed activities.		
Budget Narrative:		5
Narrative is complete for all line items, clearly detailing how the applicant arrived at and calculated the budget amounts.

2. Review and Selection Process

All applications will be screened for completeness and GATA ICQ submission for the current state fiscal year. Applications from agencies that do not have a current ICQ submitted by the date of application will not be reviewed. **Applications will be rejected if any required documents are missing or if any of the program narrative formatting is not followed.**

Selection of proposals that pass the screening process will be reviewed by three staff and/or volunteers with training in violence prevention. All reviewers will review and submit any conflicts of interest. Applications will be reviewed by tracks and regions outlined in the Appendix A of this NOFO. The chart below outlines how selection will be made.

Chicago	Highest Score for Track 1 and Track 2	Next highest score, then next highest score, etc. until funds are exhausted or number of grants reached
Suburban Cook, DuPage, Kane, Lake, McHenry, and Will counties	Highest Score for Track 1 and Track 2	Next highest score, then next highest score, etc. until funds are exhausted or number of grants reached
Balance of State	Highest Score for Track 1 and Track 2 in each of the geographic regions (Northern counties, Central counties, Southern counties)	Next highest score, then next highest score, etc. until funds are exhausted or number of grants reached

ICJIA reserves the right to reject any or all incomplete proposals, proposals including unallowable activities, proposals that fail to meet eligibility or program requirements, or proposals that are otherwise deemed to be unsatisfactory. ICJIA also reserves the right to

invite applicants to answer clarifying questions and modify budgets that include unallowable or unreasonable costs.

Successful applicants whose applications contained unallowable or unreasonable costs will have their award reduced by the total amount of those costs. Upon applicant acceptance of the grant award, announcement of the grant award shall be published by the awarding agency to the GATA portal. Review team recommendations will be forwarded to ICJIA Budget Committee for approval. Applicants will be notified of the Budget Committee's decision.

3. Appeal Process

Unsuccessful applicants may request a formal appeal. Only the evaluation process is subject to appeal. Evaluation scores and funding determinations may not be contested and will not be considered by ICJIA's Appeals Review Officer. The appeal must be via email and submitted within 14 calendar days after either the date the grant award notice is published or receipt of a Funding Opportunity Declination Letter from ICJIA, whichever comes first. The written appeal must include, at a minimum, the following:

- Statement indicating a request for a formal appeal.
- The name and address of the appealing party.
- Identification of the grant program.
- A statement of reason for the appeal.

Please send your appeal to:

Appeals Review Officer
Illinois Criminal Justice Information Authority
Cja.aro@Illinois.gov

Once an appeal is received, ICJIA will acknowledge receipt of an appeal within 14 calendar days from the date the appeal was received. ICJIA will respond to the appeal, in writing, within 60 days or supply a written explanation as to why additional time is required. The appealing party must supply any additional information requested by ICJIA within the time period set in the request. ICJIA will resolve the appeal by means of written determination.

The determination will include:

- Review of the appeal.
- Appeal determination.
- Rationale for the determination.
- Standard description of the appeal review process and criteria.

4. Debriefing Process

Unsuccessful applicants may request a debriefing for feedback that could help them improve future funding applications. Debriefings will take the form of written advice to applicants on the strengths and weaknesses of their applications in terms of the evaluation and review criteria.

Requests for debriefings must be made via email and submitted within seven calendar days after receipt of notice. Debriefing requests will not be granted if there is an active appeal, administrative action, or court proceeding. The written debriefing requests shall include at a minimum the following:

- The name and address of the requesting party
- Identification of grant program
- Reasons for the debrief request

Please send requests to:

Reshma Desai
Illinois Criminal Justice Information Authority
CJA.StateViolencePrevention@Illinois.gov

5. Programmatic Risk Assessment

All applicant agencies recommended for funding will be required to submit a completed ICJIA Programmatic Risk Assessment (PRA). This assessment will identify elements of fiscal and administrative risk at the program level and will be used to determine required specific conditions to the interagency agreement. The PRA must be completed for the program agency.

Implementing Agency vs. Program Agency

An implementing agency is the legal entity that receives state funds, such as a county.

A program agency:

- Is a subdivision of the implementing agency, such as a county probation department.
- Carries out program operations.
- Is responsible for data and fiscal reporting.

PRAs completed for other state agencies will not be accepted by ICJIA.

6. Anticipated Announcement and State Award Dates

Program start date	January 1, 2020

F. Award Administration Information

1. State Award Notices

The ICJIA Budget Committee is scheduled to review and approve designations in December 2019.

ICJIA will transmit a Notice of State Award (NOSA), and the grant agreement to successful applicants after the Budget Committee reviews and approves designations. The NOSA will detail specific conditions resulting from pre-award risk assessments that will be included in the grant agreement. The NOSA will be provided and must be accepted through the Grantee Portal unless an alternative distribution has been established by ICJIA. The NOSA is not an authorization to begin performance or incur costs.

ICJIA also requires additional documents to be submitted prior to the execution of an agreement, including:

- Fiscal Information Sheet
- Audit Information Sheet
- Programmatic Risk Assessment

2. Administrative and National Policy Requirements

- a. *Background Checks.*** Background checks are required for all program staff and volunteers who have direct contact with youth (under 18 years) before hiring or before working on the program. Applicants must have a written protocol on file requiring background checks for all such staff and volunteers, and maintain documentation of their completion and results. Background checks must include fingerprint-based background checks through the Illinois State Police.

Staff or volunteers with a record of the following offenses will automatically be excluded from having direct contact with youth: 1) any sex offense or 2) an offense in which the victim is, by statute, a youth, including but not limited to, child abuse and child endangerment. Staff or volunteers with a Class X felony for which the person has completed parole/supervised release within the past 10 years will automatically be excluded from having direct contact with youth, unless the program model or service provision relies on staff access or credibility with at-risk populations.

b. *Management and Disposition of Equipment and Supplies*

Equipment acquired by Applicant with ICJIA funds shall be used for purposes of the program described in the grant agreement. Applicant may retain the equipment acquired with grant funds as long as they serve to accomplish program purposes, whether or not the program continues to be supported by grant funds, but such determinations as to retention are within the sole discretion of Grantor. If the equipment originally purchased for the program are no longer capable of fulfilling the needs of the program and must be traded in or replaced, or there is no longer a need for the equipment, Applicant shall request instructions from ICJIA.

- i. ICJIA may deny equipment costs or require that Applicant relinquish already purchased equipment to ICJIA if Applicant fails to employ an adequate property management system governing the use, protection, and management of such property. Applicant is responsible for replacing or repairing equipment that are willfully or negligently lost, stolen, damaged or destroyed. Applicant shall provide equivalent insurance coverage for grant funded equipment as provided for other equipment owned by Applicant. Any loss, damage or theft of equipment shall be investigated and fully documented, and immediately reported to ICJIA.
- ii. If, for an item of equipment described in the Budget to be purchased with ICJIA funds, Applicant does not have, at a minimum, a purchase order dated within 90 days after the start date of the agreement, Applicant shall submit a letter to ICJIA explaining the delay in the purchase of equipment. ICJIA may, in its discretion:

- Reduce the amount of funding
 - Cancel the agreement
 - Applicant to reallocate the funds that were allocated for such equipment to other allowable ICJIA approved costs
 - Extend the period to purchase equipment past the 90-day period.
- iii. Equipment purchased using ICJIA funds shall be made available for inspection during site visits, and upon request of ICJIA as part of its grant monitoring and oversight responsibilities.
- iv. Applicant must use procedures for managing equipment (including replacement equipment) acquired in whole or in part with grant funds, until disposition takes place, that, at a minimum, meet the following requirements:
- (a). Property records. Property records must be maintained to include all of the following information: (1) Description of the property, (2) Serial number or other (3) Identification number, (4) Source of the property, including the award, (5) identification number, (6) Identification of the title holder, (7) Acquisition date, (8) Cost of the property, (9) Percentage of ICJIA fund participation in the cost of the property, (10) Location of the property , (11) Use and condition of the property, and (12) Disposition data, including the date of disposal and sale price
 - (b) Inventory. A physical inventory of the property must be taken and the results reconciled with the property records at least once every 2 years.
 - (c) Maintenance procedures. Adequate maintenance procedures must be established and used to keep the property in good condition.
 - (d) Control system. A control system must be in place with adequate safeguards to prevent loss, damage, and theft.
- v. Proper sales procedures. If authorized or required to sell the property, Applicant must establish proper sales procedures to ensure the highest possible return.
- vi. Applicant must compensate ICJIA for the grant-making component for its share of residual inventory of unused supplies if both of the following apply:

(a) The residual inventory of unused supplies exceeds \$5,000 in total aggregate fair market value upon termination or completion of the funding support.

(b) The supplies are no longer needed for any other ICJIA sponsored program, if paid with ICJIA grant funds.

In addition to implementing the funded project consistent with the approved project proposal and budget, agencies selected for funding must comply with applicable grant terms and conditions and other legal requirements, including, but not limited to, the State General Revenue Funds and related regulations, the ICJIA Financial Guide and Policy and Procedure Manual, the Grant Accountability and Transparency Act, and the U.S. Department of Justice Grants Financial Guide, which will be included in the award documents, incorporated into the award by reference, or are otherwise applicable to the award.

Additional programmatic and administrative special conditions may be required.

3. Reporting

Recipients must submit periodic financial reports, progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the 2 CFR Part 200 Uniform Requirements. Future awards and fund drawdowns may be withheld if reports are delinquent.

H. Other Information

Neither the State of Illinois nor ICJIA are obligated to make any award as a result of this announcement. The ICJIA Executive Director or designee has sole authority to bind ICJIA to the expenditure of funds through the execution of grant agreements.

This application is subject to the Illinois Freedom of Information Act. Any information that the applicant believes should be exempt under FOIA should clearly highlight the information that is exempt, and the basis of the exemption.

ICJIA plans to request SFY21 Violence Prevention funding. Should violence prevention funding be included in the SFY 21 state budget, ICJIA will let a competitive solicitation to

fund violence prevention programming. That future solicitation will not be restricted to those that received SFY20 funds, though the review process will undoubtedly assess planning components as outlined in the Program Design section of this NOFO.

SECTION - A (continued) Indirect Cost Rate Information

If your organization is requesting reimbursement for indirect costs on line 17 of the Budget Summary, please select one of the following options.

1) Our Organization receives direct Federal funding and currently has a Negotiated Indirect Cost Rate Agreement (NICRA) with our Federal Cognizant Agency. A copy of this agreement will be provided to the State of Illinois' Indirect Cost Unit for review and documentation before reimbursement is allowed. This NICRA will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations.

NOTE: (If this option is selected, please provide basic Negotiated Indirect Cost Rate Agreement information in area designated below)

Your Organization may not have a Federally Negotiated Indirect Cost Rate Agreement. Therefore, in order for your Organization to be reimbursed for Indirect Costs from the State of Illinois, your Organization must either:

- A. **Negotiate an Indirect Cost Rate with the State of Illinois' Indirect Cost Unit with guidance from your State Cognizant Agency on an annual basis.**
- B. **Elect to use the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois Awards.**
- C. **Use a Restricted Rate designated by programmatic or statutory policy. (See Notice of Funding Opportunity for Restricted Rate Programs)**

2a) Our Organization currently has a Negotiated Indirect Cost Rate Agreement with the State of Illinois that will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations. Our Organization is required to submit a new Indirect Cost Rate Proposal to the Indirect Cost Unit within six (6) months after the close of each fiscal year (2 CFR 200 Appendix IV (C)(2)(c)).

NOTE: (If this option is selected, please provide basic Indirect Cost Rate information in area designated below)

2b) Our Organization currently does not have a Negotiated Indirect Cost Rate Agreement with the State of Illinois. Our Organization will submit our initial Indirect Cost Rate Proposal (ICRP) immediately after our Organization is advised that the State award will be made and, in no event, later than three (3) months after the effective date of the State award (2 CFR 200 Appendix IV (C)(2)(b)). The initial ICRP will be sent to the State of Illinois' Indirect Cost Unit.

NOTE: (Check with your State of Illinois Agency for information regarding reimbursement of indirect costs while your proposal is being negotiated)

3) Our Organization has never received a Negotiated Indirect Cost Rate Agreement from either the Federal government or the State of Illinois and elects to charge the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois awards (2 CFR 200.414 (c)(4)(f) & (200.68)).

NOTE: (Your Organization must be eligible, see 2 CFR 200.414 (f), and submit documentation on the calculation of MTDC within your Budget Narrative under Indirect Costs)

4) For Restricted Rate Programs (check one) -- Our Organization is using a restricted indirect cost rate that:
 Is included as a "Special Indirect Cost Rate" in our NICRA (2 CFR 200Appendix IV (5) Or;
 Complies with other statutory policies (*please specify*):

The Restricted Indirect Cost Rate is _____%

5) No reimbursement of Indirect Cost is being requested. (*Please consult your program office regarding possible match requirements*)

1. Personnel (Salaries & Wages) (2 CFR 200.430) --List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time to be devoted to the project and length of time working on the project. Compensation paid for employees engaged in grant activities must be consistent with that paid for similar work within the applicant organization. Include a description of the responsibilities and duties of each position in relationship to fulfilling the project goals and objectives in the narrative space provided below. Also, provide a justification and description of each position (including vacant positions). Relate each position specifically to program objectives. Personnel cannot exceed 100% of their time on all active projects.

Note: Please see ICJIA Specific Instructions tab for additional information for completing this section.

3). Travel (2 CFR 200.474)-- Travel should include: origin and destination, estimated costs and type of transportation, number of travelers, related lodging and per diem costs, brief description of the travel involved, its purpose, and explanation of how the proposed travel is necessary for successful completion of the project. In training projects, travel and meals for trainees should be listed separately. Show the number of trainees and unit cost involved. Identify the location of travel, if known; or if unknown, indicate "location to be determined." Indicate source of Travel Policies applied, Applicant or State of Illinois Travel Regulations. **NOTE:** Dollars requested in the travel category should be for staff travel only. Travel for consultants should be shown in the contractual category along with the consultant's fee. Travel for training participants, advisory committees, review panels and etc., should be itemized the same way as indicated above and placed in the "Miscellaneous" category.

Column G ("Basis") defines the quantity being measured. For example, if your expense is two nights in a hotel, the basis is "Nights." If the expense is 300 miles, the basis is "Miles."

Note: Please see ICJIA Specific Instructions tab for additional information for completing this section.

4). Equipment (2 CFR 200.439) -- Provide justification for the use of each item and relate them to specific program objectives. Provide both the annual (for multiyear awards) and total for equipment. Equipment is defined as an article of tangible personal property that has a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. An applicant organization may classify equipment at a lower dollar value but cannot classify it higher than \$5,000. (Note: Organization's own capitalization policy for classification of equipment can be used). Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the "Contractual" category. Explain how the equipment is necessary for the success of the project. Attach a narrative describing the procurement method to be used.

Note: Please see ICJIA Specific Instructions tab for additional information for completing this section.

16. Indirect Cost (2 CFR 200.414) --Provide the most recent indirect cost rate agreement information with the itemized budget. The applicable indirect cost rate(s) negotiated by the organization with the cognizant negotiating agency must be used in computing indirect costs (F&A) for a program budget. The amount for indirect costs should be calculated by applying the current negotiated indirect cost rate(s) to the approved base(s). After the amount of indirect costs is determined for the program, a breakdown of the indirect costs should be provided in the budget worksheet and narrative below.

Note: Please see ICJIA Specific Instructions tab for additional information for completing this section.

Description	Computation		Federal/State Amount	Match	Total Cost
	Base	Rate

Indirect Cost Narrative:

This is to certify that I have reviewed the indirect cost rate proposal and grant agreement budget, and to the best of my knowledge and belief:

- (1) The costs included in the proposal to establish the final indirect costs rate for this project period are not listed in the budget as a direct cost.
- (2) The indirect costs charged to this grant agreement are not included as direct costs in a different grant agreement with the Criminal Justice Information Authority (Authority) or any other grantor.
- (3) The direct costs listed in this budget are not charged as indirect costs in a different grant agreement with the Authority or any other grantor.

Violation of this certification may result in a range of penalties, including suspension of funds under this program, termination of this agreement, suspension or debarment from receiving future grants, recoupment of monies provided under this grant, and all remedies allowed under the Illinois Grant Recovery Act (30 ILCS 708/1 et seq.)

§200.308 Revision of budget and program plans

(e) The Federal/State awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for Federal/State awards in which the Federal/State share of the project exceeds the Simplified Acquisition Threshold and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent or \$1,000 per detail line item, whichever is greater of the total budget as last approved by the Federal/State awarding agency. The Federal/State awarding agency cannot permit a transfer that would cause any Federal/State appropriation to be used for purposes other than those consistent with the appropriation.

State of Illinois -- Uniform Budget Template (updated by ICJIA) -- GATA General Instructions

Section A – Budget Summary

FEDERAL/STATE FUNDS

All applicants must complete Section A and provide a break-down by all applicable budget categories. **Please read all instructions before completing form.**

FEDERAL/STATE GRANT FUNDS

Provide a total requested ICJIA Grant amount for each year in the Revenue portion of Section A. The amount entered in Line (a) will equal the total amount budgeted on Line 18 of Section A.

BUDGET SUMMARY – FEDERAL/STATE FUNDS

All applicants must complete Section A and provide a break-down by the applicable budget categories.

For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Please see detail worksheet and narrative section for further descriptions and explanations of budgetary line items

Section A - Indirect Cost Information: *(This information should be completed by the applicant's Business Office)* . If the applicant is requesting reimbursement for indirect costs on line 17, the applicant's Business Office must select one of the options listed on the Indirect Cost Information page under Section-A Indirect Cost Information (1-4).

Option (1): The applicant has a Negotiated Indirect Cost Rate Agreement (NICRA) that was approved by the Federal government. A copy of this agreement must be provided to the State of Illinois' Indirect Cost Unit for review and documentation. This NICRA will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations. *If this option is selected by the applicant, basic information is required for completion of this section. See bottom of "Section-A Indirect Cost Information"*

NOTE: The applicant may not have a Federally Negotiated Indirect Cost Rate Agreement. Therefore, in order for the applicant to be reimbursed for Indirect Costs from the State of Illinois, the applicant must either:

- A) **Negotiate an Indirect Cost Rate with the State of Illinois' Indirect Cost Unit with guidance from our State Cognizant Agency on an annual basis.**
- B) **Elect to use the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois Awards.**
- C) **Use a Restricted Rate designated by programmatic statutory policy. (See Notice of Funding Opportunity for Restricted Rate Programs)**

Option (2a): The applicant currently has a Negotiated Indirect Cost Rate Agreement with the State of Illinois that will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations. The applicant is required to submit a new Indirect Cost Rate Proposal to the Indirect Cost Unit within six (6) months after the close of each fiscal year (2 CFR 200 Appendix IV (C)(2)(c)). **Note:** *If this option is selected by the applicant, basic information is required for completion of this section. See bottom of "Section-A Indirect Cost Information"*

OR

Option (2b): The applicant currently does not have a Negotiated Indirect Cost Rate Agreement with the State of Illinois. The applicant must submit its initial Indirect Cost Rate Proposal (ICRP) immediately after the applicant is advised that the State award will be made and, in no event, later than three (3) months after the effective date of the State award (2 CFR 200 Appendix IV (C)(2)(b)). The initial ICRP will be sent to the State of Illinois' Indirect Cost Unit. **Note:** *The applicant should check with the State of Illinois awarding Agency for information regarding reimbursement of indirect costs while its proposal is being negotiated*

Option (3): The applicant elects to charge the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois awards (2 CFR 200.414 (c)(4)(f) & (200.68). **Note**: The applicant must be eligible, see 2 CFR 200.414 (f), and submit documentation on the calculation of MTDC within your Budget Narrative under Indirect Costs. **Note** the applicant may only use the 10 percent de minimis rate if the applicant does not have an Approved Indirect Cost Rate Agreement. The applicant may not use the de minimis rate if it is a Local government, or if your grant is funded under a training rate or restricted rate program.

Option (4): If you are applying for a grant under a Restricted Rate Program, indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement, or whether you are using a restricted indirect cost rate that complies with statutory or programmatic policies. **Note**: See Notice of State Award for Restricted Rate Programs

Section B - Budget Summary

MATCH FUNDS

MATCH FUNDS: If the applicant is required to provide or volunteers to provide cost-sharing or matching funds or other non-ICJIA resources to the project, the applicant must provide a revenue breakdown of all Match funds in lines (b)-(d). the total of "Match Funds" should equal the amount budgeted on Line 18 of Section B. If a match percentage is required, the amount should be entered in this section.

BUDGET SUMMARY – MATCH FUNDS

If the applicant is required to provide or volunteers to provide cost-sharing or matching funds or other match resources to the project, these costs should be shown for each applicable budget category of Section B.

For each applicable budget category for which matching funds are provided, show the total contribution. Only use those categories that are visible.

Please see detail worksheet and narrative section for further descriptions and explanations of budgetary line items

Section C - Budget Worksheet & Narrative

[Attach separate sheet(s)]

Pay attention to applicable ICJIA-specific instructions.

All applicants are required to submit a budget narrative along with Section A and Section B. The budget narrative is sometimes referred to as the budget justification. The narrative serves two purposes: it explains how the costs were estimated and it justifies the need for the cost. The narrative may include tables for clarification purposes. The State of Illinois recommends using the State of Illinois Uniform Budget Template worksheet and narrative guide provided.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B.
2. For match funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

Budget Instructions (General)

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If the applicant is requesting reimbursement for indirect costs on line 17, this information should be completed by the applicant's Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which the applicant is applying and/or the applicant's approved Indirect Cost Rate Agreement, some direct cost budget categories in the applicant's grant application budget may not be included in the base and multiplied by your indirect cost rate. Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

5. Provide other explanations or comments you deem necessary.

Keep in mind the following—

Although the degree of specificity of any budget will vary depending on the nature of the project and State of Illinois agency requirements, a complete, well-thought-out budget serves to reinforce your credibility and increase the likelihood of your proposal being funded.

- A well-prepared budget should be reasonable and demonstrate that the funds being asked for will be used wisely.
- The budget should be as concrete and specific as possible in its estimates. Make every effort to be realistic, to estimate costs accurately.
- The budget format should be as clear as possible. It should begin with a budget narrative, which you should write after the entire budget has been prepared.
- Each section of the budget should be in outline form, listing line items under major headings and subheadings.
- Each of the major components should be subtotaled with a grand total at the end.

Your budget should justify all expenses and be consistent with the program narrative:

- Salaries should be comparable to those within the applicant organization.
- If new staff is being hired, additional space and equipment are considered, as necessary.
- If the budget lists an equipment purchase, it is the type allowed by the agency.
- If additional space is rented, the increase in insurance is supported.

- If an indirect cost rate applies to the proposal, the division between direct and indirect costs is not in conflict, and the aggregate budget totals refer directly to the approved formula. Indirect costs are costs that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project (like the cost of operating and maintaining facilities, depreciation, and administrative salaries).

§200.308 Revision of budget and program plans

(e) The Federal/State awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for Federal/State awards in which the Federal/State share of the project exceeds the Simplified Acquisition Threshold and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent or \$1,000 per detail line item, whichever is greater of the total budget as last approved by the Federal/State awarding agency. The Federal/State awarding agency cannot permit a transfer that would cause any Federal/State appropriation to be used for purposes other than those consistent with the appropriation.

State of Illinois -- Uniform Budget Template (updated by ICJIA) -- ICJIA Specific Instructions

Section A – Budget Summary

I. Section A: Federal/State funds are those that come from ICJIA as part of a NOFO or continuation. The Implementing Agency is the entity that will be responsible for managing the agreement. Please complete all cells in blue. If indirect costs are being included in the budget, don't forget to include the Rate and Base in the left column. The following information can be found on the GATA website or on the Uniform Notice of Funding Opportunity (NOFO): NOFO ID; CFSA Number; CFSA Short Description; State Fiscal Year(s) and Project Period. If this is a continuation grant, please enter the grant number.

II. Section A - Indirect Costs: One of the following must be checked: Item 1; 2a or 2b; 3, 4, or 5. If Option 1 or 2a is selected, then the box at the bottom of the page must be filled out.

III. Section B: All required match must be included. If you are including additional match (overmatch), do not separate required match from overmatch. Those amounts should be combined together. If match is being included in your budget, please complete all cells in blue. If indirect costs will be paid by matching funds, include the Rate and Base in the left column.

IV. Applicant Certification: The Implementing Agency (and Program Agency, if different from the Implementing Agency), must complete this form at the time the grant agreement is signed.

V. FFATA Form: This should only be filled out if the source of ICJIA funds is federal (ie JAG, VOCA, VAWA, etc.) AND if the implementing agency receives \$25,000 or more in federal funds. To confirm whether federal funds are part of this award, please refer to the CFDA number on the Uniform Notice for Funding Opportunity (NOFO). If there is a CFDA number, then this award includes federal funds.

VI. Section C1- Personnel:

A) If a cost of living increase is anticipated, please reflect the adjusted salary in one line item. In the justification, please state that the salary reflects a cost of living increase and provide the amount/length of time of the initial salary and amount/length of time of the final salary.

B) If you are budgeting for overtime, please put the overtime amount on the bottom row. In the justification, please state how the overtime amount has been calculated.

C) Quantity of time will depend on the basis selected.

VII. Section C2 - Fringe:

A) If additional staff were added to the Personnel tab, please make sure they are also added here. Check the totals to make sure that all additional personnel are included. Fringe should include both the ICJIA and match amounts.

B) If a personnel's salary is prorated, then the flat rate fringe must also be prorated.

C) Please enter the percentages for retirement, insurance (include health, dental and life) and workman's comp. If there are other fringe benefits, please enter what the benefit is and the percentage.

D) Column M has been provided for any flat rate fringe benefits. Please enter the dollar amount in Column M. The narrative should provide sufficient detail that ICJIA understands how the flat rate fringe benefits were calculated.

VIII. Section C3 - Travel:

A) This page is to be used for all travel costs - both daily and out of town. Please put similarly purposed trips together. For example - daily mileage reimbursement costs can all be on one line item and daily parking costs on the next line item. Out of town trips should also be listed together. For example, if you will attend two conferences, please put costs associated with the first conference together, and then put costs associated with the second conference together.

B) Travel expenses can not exceed the State of Illinois rates (or your agency's rate, whichever is lower). Mileage, per diem, and lodging rates can be found here:

<https://www.illinois.gov/cms/Employees/travel/Pages/TravelReimbursement.aspx> (copy and paste this address into a web browser).

IX. Section C4 - Equipment:

A) All equipment must be purchased no later than 90 days after the start of the grant, unless otherwise approved by your ICJIA grant monitor.

B) Equipment must be pro-rated if the piece of equipment will be used for any purpose other than the grant program.

X. Section C5 - Supplies: Please list all supplies/commodities in this section.

XI. Section C6 - Contractual Services: Pro-rated Share - Certain contractual costs must be pro-rated to determine how much can be applied to the grant program. For example, telephone costs would be proportional to the number of FTEs on the grant funded program divided by the total number of FTE employees in the office. Utility or rent costs would be proportional to the space occupied by the grant funded program divided by the total space.

XII. Section C16 - Indirect Costs:

A) If a federally-approved or state-approved indirect cost rate is being included, please provide the letter showing the approved indirect cost rate.

B) If any indirect cost rate is being included (de minimus, federally approved or state approved), the certification must be signed at the time the grant agreement is signed.

XIII. Summary: Please make sure the amounts on this page are the same as the amounts on each of the Budget Worksheet and Narrative tabs.

XIX. Agency Approval: Do not complete this form - this will be filled out by ICJIA.
